## Welcome / Cartas de Bienvenida

*"The challenge of organizing a congress is great, however to define its objectives and accomplish them is even greater"*

When we began to work, back in 2004, we set the goal of organizing a World Congress that could go far beyond being a place to put forward breakthroughs, update subjects, encourage teaching and research. We decided to host a Congress for people to get to know each other, create bonds of friendship, generate trust, encourage integration of pediatric surgeons from all over the world as the best means to preserve and drive the progress of Pediatric Surgery.

### **In order to accomplish these objectives, we decided back then to:**

- 1) Prioritize the scientific activity of the program and its excellence.
- 2) Promote discussions
- 3) Make a Congress economically affordable to most young surgeons, considering the different budgets in the countries that form the WOFAPS as well as the long distance to Buenos Aires.

The Congress organization is on its final stage. Scientific activity is guaranteed with a program that shall satisfy even the highest expectations. Apart from the Round Tables, the State of Art Lectures and the Pre-Congress courses that have already been announced, 349 works have been evaluated and accepted for oral presentations along with 295 posters.

It is now up to you, pediatric surgeons from every corner of the earth to come to Buenos Aires, work to be part of a great family, that allows us as a "family" no matter where, to

*El desafío de organizar un Congreso es grande, pero definir sus objetivos y lograr cumplirlos es mucho mayor"*

En 2004, cuando comenzamos a trabajar, nos impusimos como meta hacer un Congreso Mundial que no sea sólo un lugar para exponer progresos, que se actualicen temas, que se estimule la docencia y la investigación, sino que, fundamentalmente, permita conocerse, crear lazos de amistad, generar confianza, estimulando la integración de los cirujanos pediatras de todas partes del mundo como el mejor medio para preservar e impulsar el progreso de la Cirugía Pediatra.

### **Para el logro de estos objetivos en aquel momento se decidió:**

- 1) Priorizar la actividad científica del programa y su calidad.
- 2) Fomentar las discusiones
- 3) Hacer un Congreso accesible económicamente al mayor número de cirujanos jóvenes, considerando las diferencias presupuestarias en los países que integran la WOFAPS y la distancia de los mismos a Buenos Aires.

La organización del Congreso ha llegado, a su etapa final. La actividad científica está asegurada con un programa que cumple con las expectativas más exigentes. Además de las Mesas Redondas, los State of the Art Lectures y los Cursos Pre-congreso ya anunciados, se evaluaron y aceptaron 349 trabajos para presentación oral y 295 posters.

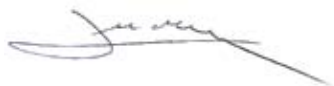

Ahora está en ustedes, cirujanos pediatras de todos los rincones del mundo que concurren a Buenos Aires, trabajar para lograr integrarse en una gran familia, que permita como "familia", no importa donde, ve-

safeguard children's rights as we all have committed ourselves when we agreed to the Declaration of Pediatric Surgery of Kyoto.

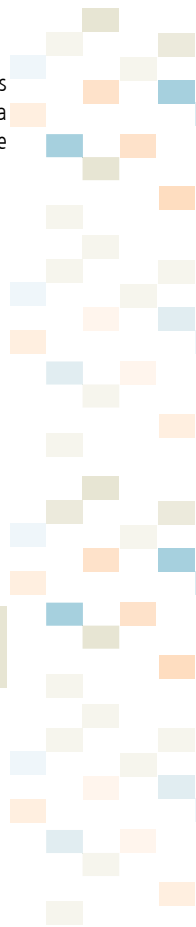

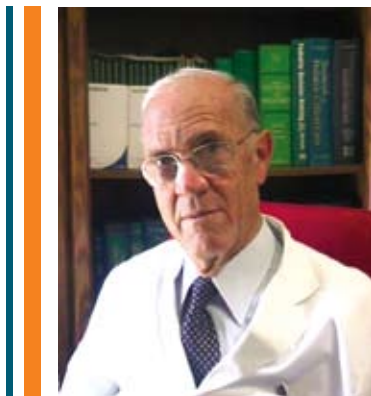

*Welcome to Buenos Aires*

lar por los derechos del niño, como todos nos comprometimos cuando adherimos a la Declaración de la Cirugía Pediátrica de Kyoto.

*Bienvenidos a Buenos Aires*

**Juan C. Puigdevall, M.D.**  
Congress Chairman

## Dear Friends and Colleagues,

It is a pleasure to welcome you to the 2nd World Congress of Pediatric Surgery in Buenos Aires, Argentina, which has been jointly sponsored by WOFAPS, CIPESUR and IPEG. This joint sponsorship is a first, and, hopefully, will become a model for future world congresses sponsored by WOFAPS. By combining these three meetings, we will have the opportunity to attend the largest pediatric surgical meeting ever held in the world. As the President of WOFAPS, I am honored, delighted and excited to preside over this very special event. The economies of scale that result from this type of joint meeting are many, such as being able to attend three meetings at the cost of one, being able to interact with members of other societies whose meetings one does not normally attend and being able to exchange strategies and new information among many more societies.

As I have mentioned in my previous WOFAPS President's Letter of 2007, our organization has had an exciting past three years since our first World Congress in Zagreb, Croatia. In a sense, we have experienced in our organization a major transition with the legalization of the organization, the development of an infrastructure for dealing with future congresses and the formation of a foundation to support young pediatric surgeons worldwide. In addition, we have broadened the base of representation in the Executive Committee to include more representatives from Asia and the Middle East. All these current additions will continue to make WOFAPS stronger and will allow our organization to be the true representative of international pediatric surgery. In this vein, we have already set the venue for our World Congress of 2010 in New Delhi, India.

## Estimados amigos y colegas:

Es un placer darles la bienvenida al 2do Congreso Mundial de Cirugía Pediátrica en Buenos Aires, Argentina auspiciado conjuntamente por WOFAPS, CIPESUR y IPEG. Este es un primer apoyo conjunto y esperamos sea un modelo para futuros congresos mundiales auspiciados por WOFAPS. Al combinar estas tres reuniones, tendremos la oportunidad de asistir a un encuentro de Cirugía Pediátrica sin precedentes en el mundo. Como Presidente de WOFAPS, tengo el honor, la alegría y la emoción de presidir este evento tan especial. Las economías de escala que resultan de este tipo de reunión conjunta son muchas, tales como asistir a tres encuentros al precio de uno, tener la posibilidad de interactuar con miembros de otras sociedades cuyas reuniones uno no acostumbra a presenciar y tener la posibilidad de intercambiar estrategias y nueva información con otras muchas sociedades.

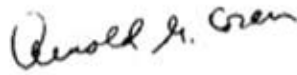

Como he mencionado en mi anterior carta 2007 de la Presidencia WOFAPS, los últimos tres años desde nuestro primer Congreso Mundial en Zagreb, Croacia han sido sumamente emocionantes. En un sentido, experimentamos en nuestra organización una importante transición con la legalización de la misma, el desarrollo de una infraestructura para tratar futuros congresos y la creación de una fundación para apoyar a los jóvenes cirujanos pediátricos en todas partes del mundo. Además, hemos ampliado la base de representación en el Comité Ejecutivo para incluir más representantes de Asia y Medio Oriente. Todas estas logros actuales continuarán fortaleciendo a WOFAPS y permitirán a nuestra organización ser la verdadera representante de la Cirugía Pediátrica Internacional. Con este propósito, ya hemos establecido la sede para nuestro Congreso Mundial de 2010 en Nueva Delhi, India.

Finally, I hope this meeting will be productive to you from an educational, and a social perspective, and I look forward to seeing all of you in Buenos Aires.

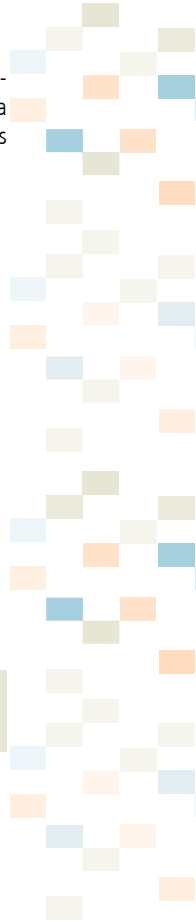

*Sincerely yours,*

Por ultimo, espero que esta reunión sea productiva para ustedes desde una perspectiva educacional y social y espero verlos a todos en Buenos Aires.

*Los Saluda Atentamente,*

**Arnold G. Coran, MD**  
President, WOFAPS

## Dear Colleagues

Once again the time we all have longed for has arrived. It is time to get together again, at a prominent event.

A timely reunion now, that we are experiencing a rapid evolution of pediatric surgery.

Modern technological breakthroughs allow us to reach more accurate diagnosis; perform more complex surgeries through minimum access or aided by pre and post surgery sophisticated support systems; and to investigate and promote results very rapidly carrying information with no geographical limits.

Thanks to this kind of meetings, we have the opportunity to access scientific news in a relaxed environment where we all become key players. We shall leave our homes and work places for a few days, our surgery rooms, laboratories and libraries shall remain quiet for a while to revive friendly talks once more. We shall listen to passionate colleagues promoting new discoveries and techniques and also feel the warmth of the master who, with simple words, shall comment on his or her achievements and failures.

Confident that all these wishes will come true, today CIPESUR in its VII edition welcomes colleagues from all over the world renewing the commitment of supporting constant growth, promoting and teaching our art and science, and applying what has been learned in an efficient way providing children an assistance based on excellence, ethics and warmth, surmounting possible limitations with the talent and perseveration that represent our colleagues of the region.

## Apreciados colegas

Nuevamente ha llegado el anhelado momento para el reencuentro, esta vez en el marco de un gran evento.

Reencuentro oportuno, hoy que estamos viendo una acelerada evolución de la cirugía pediátrica.

Con los modernos avances tecnológicos podemos llegar a diagnósticos mas certeros, realizar cirugías cada vez mas complejas mediante accesos mínimos o sistemas sofisticados de soporte PRE y postoperatorio e investigar y difundir resultados en tiempos acelerados llevando información sin importar limites geográficos.

Gracias a reuniones de esta naturaleza, tenemos la oportunidad de acceder a estas novedades científicas en un ambiente distendido, donde todos seremos protagonistas. Dejaremos unos días nuestros hogares y lugares de trabajo, daremos quietud momentánea a nuestros quirófanos, laboratorios y bibliotecas para revivir una vez mas la charla amistosa, escucharemos al colega apasionado divulgando sus nuevos hallazgos y técnicas y sentiremos la calidez del maestro que con palabras sencillas nos comentará sus logros y desaciertos.

En la seguridad de lograr todos estos deseos, hoy CIPESUR en su VII edición abre sus brazos para recibir a colegas de todo el mundo renovando una vez mas el compromiso de sostener el desarrollo constante de la especialidad, difundir y enseñar nuestro arte y ciencia y aplicar lo aprendido de manera eficaz brindando al niño/a una atención basada en la excelencia, la ética y la calidez, venciendo las eventuales limitaciones mediante el ingenio y la tenacidad que caracteriza a los colegas de la región.

As President of CIPESUR and on behalf of the Pediatric Surgery Societies of Argentina, Brazil, Chile, Uruguay, Paraguay and Bolivia, I welcome you to the VII CIPESUR Congress Argentina 2007 and the II WOFAPS Congress, wishing you a pleasant stay and success during this event.

En nombre de las sociedades de Cirugía Pediátrica de Argentina, Brasil, Chile, Uruguay, Paraguay y Bolivia, nucleados en CIPESUR en mi calidad de Presidente os doy la bienvenida al VII congreso CIPESUR Argentina 2007 y II congreso de la WOFAPS, deseándoles una feliz estadía y éxitos durante toda la jornada.

**Dr. Hugo Arza**  
Presidente CIPESUR

*5:15 p.m. - 5:30 p.m.* **Intervalo**

**Moderadores:** Celeste Hollands, MD (IPEG) & Atsuyuki Yamataka, MD (WOFAPS)

*5:30 p.m. - 6:00 p.m.*

### **Robótica**

**Panelista:** Dr. Thom E. Lobe

*6:00 p.m. - 6:30 p.m.*

### **Resección pulmonar**

**Panelista:** Dr. Steven S. Rothenberg

**SUNDAY, SEPTEMBER 9 TH.**

**IPEG - WOFAPS ROUND TABLES - MIS vs. OPEN PANELS Vesicoureteral Reflux**

**Moderators:** Hock L. Tan, MD (IPEG) & Marty Koyle, MD (WOFAPS)

*8:00am - 8:12 am*

**Interperitoneal**

**Panelist:** Mario Riquelme, MD (IPEG)

*8:12am - 8:24 am*

**Pneumovesicum Intravesical**

**Panelist:** C.K. Yeung, MD (IPEG)

*8:24am - 8:36 am*

**STING**

**Panelist:** Prem Puri, MD (WOFAPS)

*8:36am - 8:48 am*

**STING**

**Panelist:** Goran Lackgren, MD (WOFAPS)

*8:48am - 9:18am*

**Panel Discussion**

*9:18am - 9:38 am*

**Discussion** (Panel & Participants)

*9:38am - 9:48am* **Break**

**Pectus Excavatum**

**Moderators:** Paschoal N. Neto, MD (IPEG) & Patricio Varela, MD (WOFAPS)

*9:48am - 10:00 am*

**Compression for Carinatum**

Richard G. Azizkhan, MD (WOFAPS)

*10:00am - 10:12 am*

**Modification to Nuss Procedure**

**Panelist:** Klaus Schaarschmidt, MD (IPEG)

*10:12am - 10:24 am*

**Modification to Nuss Procedure**

**Panelist:** Donald Nuss, MD (WOFAPS)

*10:24am - 10:36am*

**MIS for Excavatum**

**Panelist:** John HT. Waldhausen, MD (IPEG)

**DOMINGO 9 DE SEPTIEMBRE.**

**IPEG - WOFAPS Mesas Redondas - MIS (Cirugía de Invasión Mínima) vs. Cirugía Convencional Reflujo Vesicoureteral**

**Moderadores:** Dr. Hock L.Tan (IPEG) & Dr. Marty Koyle (WOFAPS)

*8:00 a.m. - 8:12 a.m.*

**Interperitoneal**

**Panelista:** Dr. Mario Riquelme (IPEG)

*8:12 a.m. - 8:24 a.m.*

**Pneumovesicum Intravesical**

(neumodistensión vesical)

**Panelista:** Dr. C.K. Yeung (IPEG)

*8:24 a.m. - 8:36 a.m.*

**STING**

**Panelista:** Dr. Prem Puri (WOFAPS)

*8:36 a.m. - 8:48 a.m.*

**STING**

**Panelista:** Dr. Goran Lackgren (WOFAPS)

*8:48 a.m. - 9:18 a.m.*

**Debate** (Panelistas)

*9:18 a.m. - 9:38 a.m.*

**Debate** (Panelistas & participantes)

*9:38 a.m. - 9:48 a.m.* **Intervalo**

**Pectus Excavatum**

**Moderadores:** Dr. Paschoal N. Neto (IPEG) & Dr. Patricio Varela (WOFAPS)

*9:48 a.m. - 10:00 a.m.*

**Compresión para pectus Carinatum**

Dr. Richard G. Azizkhan (WOFAPS)

*10:00 a.m. - 10:12 a.m.*

**Modificación al Procedimiento Nuss**

**Panelista:** Dr. Klaus Schaarschmidt (IPEG)

*10:12 a.m. - 10:24 a.m.*

**Modificación al Procedimiento Nuss**

**Panelista:** Dr. Donald Nuss (WOFAPS)

*10:24 a.m. - 10:36 a.m.*

**CIM para el pectus Excavatum**

**Panelista:** Dr. John HT. Waldhausen (IPEG)

10:36am -11:06 am

**Pectus Excavatum - Panel Discussion**

11:06 am -11:36 am

**Pectus Excavatum - Discussion (Panel & Participants)**

11:36 am - 11:48 a m **Break**

**Hirschsprung's Disease**

**Moderators:** Moderators: Marcela Maria Bailez, MD (IPEG) & Tomas Wester, MD (WOFAPS)

11:48 am -12:00 pm

**Panelist 1:** Atsuyuki Yamataka, MD (IPEG)

12:12 pm -12:24 pm

**Panelist 2:** Gordon A. MacKinlay, MD (IPEG)

12:24 pm -12:36 pm

**Panelist 3:** Luis De La Torre, MD (WOFAPS)

12:36 pm - 12:48 pm

**Panelist 4:** Jack Langer, MD (WOFAPS)

12:48 apm -1:00pm

**Panel Discussion**

1:00 pm -1:30p m

**Discussion** (Panel & Participant)

10:36 a.m. - 11:06 a.m.

**Pectus Excavatum - Debate de panelistas**

11:06 a.m.- 11:36 a.m.

**Pectus Excavatum - Debate (Panelistas & participantes)**

11.36 a.m. - 11:48 a.m. **Intervalo**

**Enfermedad de Hirschsprung**

**Moderadores:** Dra. Marcela María Bailez (IPEG) & Dr. Thomas Wester (WOFAPS)

11:48 a.m. - 12:00 p.m.

**Panelista 1:** Dr. Atsuyuki Yamataka (IPEG)

12:12 p.m. - 12:24 p.m.

**Panelista 2:** Dr. Gordon A. MacKinlay (IPEG)

12:24 p.m. - 12:36 p.m.

**Panelista 3:** Dr. Luis De La Torre (WOFAPS)

12:36 p.m. - 12:48 p.m.

**Panelista 4:** Dr. Jack Langer (WOFAPS)

12:48 p.m. - 1:00 p.m.

**Debate** (Panelistas)

1:00 p.m. - 1:30 p.m.

**Debate** (Panelistas & participantes)

from energy based technology to energetic playtime

We are Covidien. One of the largest providers of advanced medical devices, imaging products and pharmaceutical in the world. For everything from simple ambulatory procedure to a complex surgery using our minimally invasive surgical devices known as Autosuture, ValleyLab energy based technologies, unique Sofradim mesh, Syneture and Polysuture. Formerly Tyco Healthcare, we are now a dynamic independent healthcare company, committed to providing positive innovations and partnerships to the medical community.

## Scientific Program - Pre Congress Courses

### Programa Científico - Pre Congreso

#### Digestive endoscopy in childhood

8 am - 12 pm

**Chairman:** Dr. Francisco Saitua

**Co Chairman:** Dra. Marina Orsi

**Orieted to:** Pediatric surgeons and other specialists attending at the II Wofaps meeting. Buenos Aires (Argentina) - September 2007

#### Description

This four - hour course aims to update the pediatric surgeon on the flexible digestive endoscopy and will emphasize its value for the diagnosis of those common pediatric gastrointestinal diseases and to review some therapeutics procedures like hemostatic procedures, percutaneous endoscopic gastrostomy and colonic polypectomy.

**Objectives:** Upon completion of this course participants will be able to:

1. Know the endoscopic equipment and accessories.
2. Summarize indications and contraindications of the main diagnostic and therapeutic endoscopic procedures.
3. Understand the principles of preparation, sedation and monitorization for endoscopic procedures in children.
4. Review procedure technique for diagnostic upper gastrointestinal endoscopy and colonoscopy.
5. Review the procedures and techniques for : Percutaneous endoscopic gastrostomy and endoscopic colonic polipectomy.

#### Endoscopia Digestiva en Niños

8 am - 12 pm

**Presidente:** Dr. Francisco Saitua

**Co-Presidente:** Dra. Marina Orsi

**Dirigido a:** Cirujanos pediátricos y otros especialistas que asistan al II Congreso Mundial de Cirugía pediátrica en Buenos Aires (Argentina) - Septiembre 2007

#### Detalles

Este curso de cuatro horas apunta a actualizar a los cirujanos pediátricos en la endoscopia digestiva flexible y destacar su valor en el diagnóstico de aquellas enfermedades gastrointestinales pediátricas. Asimismo se examinarán algunos procedimientos terapéuticos como los procedimientos hemostáticos, gastrostomía endoscópica percutánea y polipectomía colónica.

**Objetivos:** Al finalizar este curso, los participantes podrán:

1. Conocer el equipo y accesorios endoscópicos.
2. Resumir indicaciones y contraindicaciones de los principales procedimientos en endoscopias de diagnostico y terapéuticas.
3. Comprender los principios de la preparación, la sedación y control de los procedimientos endoscópicos en niños.
4. Examinar la técnica de procedimiento para la endoscopia diagnóstica gastrointestinal superior y la colonoscopia.
5. Examinar el procedimiento y técnicas para: Gastrostomía Endoscópica Percutánea y polipectomía endoscópica colónica.

8:00 - 9:05 am

### Program Outline

#### Diagnosics endoscopy

##### 1. Endoscopic equipment and Patient

**preparation:** 25 minutes. Dra L. Agoff Hospital Italiano y Dr A. Bessaso, CEMIC, Bs As - Argentina

**2. Diagnostic upper gastrointestinal endoscopy:** techniques, skills and tips 15 minutes. Dra L Sasson, Hospital Garrahan, Bs As - Argentina

**3. Colonoscopy: techniques, skills and tips** 15 minutes. Dra L. Agoff, Hospital Italiano, Bs As - Argentina

*Questions & Answer: 10 minutes*

9:05 - 10:05

#### Therapeutic Endoscopy

**4. Percutaneous endoscopic gastrostomy and nutritional access** 20 minutes.

Dr. Francisco Saitua, Hospital Luis Calvo Mackena, Santiago - Chile

**5. Endoscopic polypectomy** 15 minutes. Dr. José Antonio Sepúlveda, Hospital Punta Arenas - Chile

##### 6. Foreign bodies extraction:

15 minutes.

Dr L Caro, GEDYT, Foreign bodies extraction 15 minutes Dr L. Caro (GEDYT)

*Questions & Answer: 10 minutes*

10:05 - 10:20 **Coffee Break**

10:20 - 11:25

#### Advanced Endoscopy

##### 7. Endoscopic Retrograde

**Cholangiopancreatography (ERCP):**

10 minutos. Dr D Zagalsky, Bs As -Argentina

**8. Acute bleeding:** Cases and management. 25 minutes.

**Moderator** Dr. Marina Orsi, Pediatric gastroenterology, Hospital Italiano, Bs As - Argentina. Dra L Sasson, Dra L Agoff, Dr García Monaco, Dr Zagalsky

**9. Endoscopic ultrasonography:** 10

8:00 - 9:05 a.m.

### Resumen del Programa

#### Endoscopia Diagnóstica:

**1.** Equipo endoscópico y preparación del paciente: 25 minutos. Dra. L. Agoff Hospital Italiano y Dr. A. Bessaso, CEMIC, Bs. As. - Argentina

**2. Endoscopia gastrointestinal diagnóstica superior:** técnicas, prácticas y consejos. 15 minutos. Dra. L Sasson, Hospital Garrahan, Bs. As. - Argentina

**3. Colonoscopia: técnicas, prácticas y consejos** 15 minutos. Dra. L. Agoff, Hospital Italiano, Bs. As. - Argentina  
Preguntas & Respuestas: 10 minutos  
Endoscopia terapéutica. 9:05 – 10:05

**4. Gastrostomía endoscópica percutánea y acceso nutricional.** 20 minutos. Dr. Francisco Saitua, Hospital Luis Calvo Mackena, Santiago - Chile

**5. Polipectomía endoscópica** 15 minutos. Dr. José Antonio Sepúlveda, Hospital Punta Arenas - Chile

##### 6. Extracción de cuerpo extraño.

15 minutos. Dr. L. Caro, GEDYT (Gastroenterología Diagnóstica y Terapéutica), Extracción de cuerpo extraño 15 minutos Dr. L. Caro (GEDYT) (Gastroenterología Diagnóstica y Terapéutica).

*Preguntas & Respuestas: 10 minutos*

10:05 - 10:20 **Intervalo**

10:20 - 11:25

#### Endoscopia Avanzada.

##### 7. Colangiopancreatografía

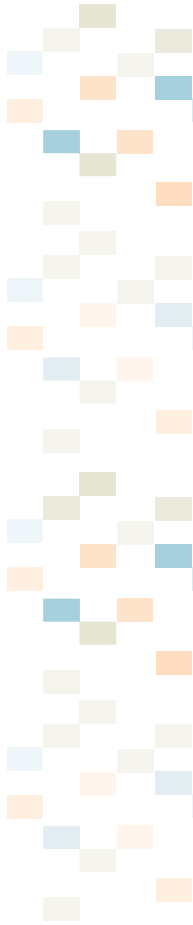

**endoscópica retrograda (C.P.E.R.):** 10

minutos. Dr. D Zagalsky, Bs. As. - Argentina

**8. Sangrado Agudo:** Casos y tratamiento. 25 minutos.

**Moderador** Dr. Marina Orsi, gastroenterología pediátrica, Hospital Italiano, Bs. As. - Argentina. Dra. L Sasson, Dra. L Agoff, Dr. García Mónaco, Dr. Zagalsky

**9. Ultrasonografía endoscópica:** 10

minutes. Dr Ducrey, Bs As - Argentina and Dra. Carmen Gloria Rosti3n, Hospital Roberto del R3o, Santiago - Chile; Dr.

Ducrey, Bs As - Argentina  
**10. The future.** 10 minutes

*Questions & Answer: 10 minutes*

11:25 - 12:30

### Slide and Video sessions

11:25 - 11:45

#### 1. Upper gastrointestinal endoscopy:

anatomy, normal esophagus, congenital esophageal stenosis, esophagitis, esophagogastric mucosal junction (Z-line), hiatal hernia, normal gastroscopy, pyrosis, gastric ulcer, erosive gastritis, duodenal ulcer, biopsy specimens, Naso- jejunal tube placement, normal duodenum, enteroscopy.: 20 minutes. Dr. Francisco Saitua, Hospital Luis Calvo Mackena, Santiago - Chile

11:45 - 12:05

**2. Colonoscopy:** endoscopic anatomy, basic landmarks, ileo-cecal region. Ileoscopy and rectoscopy. Loop formation and loop overcome. Polyps, Inflammatory bowel disease, Hemorrhoids: 20 minutes  
*Questions & Answer: 20 minutes*  
Closure: 5 minutes  
Dr. Francisco Saitua, Pediatric Surgeon, Endoscopy Unit, Hospital Luis Calvo Mackena, Clinica Alemana de Santiago, Santiago - Chile

### Pediatric Airway. Medical and Surgical Challenge

1 a 6 pm

**Chairman:** Patricio Varela. Chile  
**Co-chairmen:** Mariano Boglione: Argentina / Pablo Lobos. Argentina  
*Duration: 4 hours*

**Oriented to:** Pediatric Surgeons, Otorinolaryngologist and Lung Specialists

**Sessions:**

**Conferences**

Discussions on Clinical Cases

minutos. Dr. Ducrey, Bs. As. - Argentina y Dra. Carmen Gloria Rosti3n, Hospital Roberto del R3o, Santiago - Chile; Dr.

Ducrey, Bs. As. - Argentina  
**10. El futuro.** 10 minutos

*Preguntas & Respuestas: 10 minutos*

11:25 - 12:30

### Seesi3n de diapositivas y video

11:25 - 11:45

#### 1. Endoscopia gastrointestinal superior.

anatom3a, esf3gado normal, estenosis esf3gica cong3nita, esofagitis, uni3n esf3gado g3strica (Z-line), hernia hiatal, gastroscopia normal, piloro, 3lcera g3strica, gastritis erosiva, 3lcera duodenal, biopsias, colocaci3n del tubo Naso- yeyunal, duodeno normal, enteroscopia.: 20 minutos. Dr. Francisco Saitua, Hospital Luis Calvo Mackena, Santiago - Chile

11:45 - 12:05

**2. Colonoscopia.** anatom3a endosc3pica, hitos b3sicos, regi3n ileo-cecal. Ileoscopia y rectoscopia. Formaci3n de Loop y su soluci3n. P3lipos, enfermedad intestinal inflamatoria, hemorroides: 20 minutos  
*Preguntas y Respuestas: 20 minutos*  
Cierre: 5 minutos  
Dr. Francisco Saitua, Cirujano Pediatr3co, Unidad de Endoscopia, Hospital Luis Calvo Mackena, Clinica Alemana de Santiago, Santiago - Chile

### Ciruj3a de la V3a A3rea

1 a 6 pm

**Director:** Patricio Varela. Chile  
**Coordinadores:** Mariano Boglione: Argentina / Pablo Lobos. Argentina  
*Duraci3n: 4 horas*

**Dirigido a:** Cirujanos Pediatras, Otorrinos, Pulmon3logos

**Din3mica:**

**Conferencias**

Discusi3n Casos Cl3nicos

## Experts' Table

### Confirmed Speakers:

Richard Azizkhan M.D. United States  
Mariano Boglione M.D. Argentina  
Hugo Botto M.D. Argentina  
Victor de Fago M.D. Argentina  
Carlos Fraga M.D. Brazil  
Peter Kim M.D. Canada  
Thom Lobe MD. United States  
Steven Rothemberg M.D. United States  
Patricio Varela. M.D. Chile

14:00 - 14:05

### Topics

#### Introduction

**The Importance of a Multidisciplinary Team in Managing Different Pediatric Airway Diseases.** Dr. Patricio Varela. Chile (5 minutes)

14:05 - 14:25

**Contributions of Therapeutic Endoscopies in Laryngeal and Tracheal Pathologies.** Dr. Botto. Argentina (20 minutes)

14:25 - 14:40

**Standardization of Subglottic Stenosis Diagnosis and Chirurgical Techniques.** Dr. Patricio Varela. Chile. (15 minutes)

14:40 - 15:05

**Congenital Tracheal Stenosis. "A Major Challenge". Morphological and Clinical Aspects.** Therapeutic Options. Cincinnati's Experience. Dr Richard Azizkan. U.S.A (25 minutes)

15:05 - 15:30

**Congenital Tracheal Stenosis. Toronto Children's Hospital Experience.** Dr Peter Kim. Canada. (25 minutes)

15:30 - 16:00 **Coffee Break**

16:00 - 16:15

**Airway Trauma. Management and Presentation of Clinical Cases.** Thom Lobe M.D. (15 minutes)

16:15 - 16:30

## Mesa de Expertos

### Conferencistas Confirmados:

Richard Azizkhan M.D. Estados Unidos  
Mariano Boglione M.D. Argentina  
Hugo Botto M.D. Argentina  
Victor de Fago M.D. Argentina  
Carlos Fraga M.D. Brazil  
Peter Kim M.D. Canada  
Thom Lobe MD. Estados Unidos  
Steven Rothemberg M.D. Estados Unidos  
Patricio Varela. Chile M.D.

14:00 - 14:05

### Temario

#### Introducción

**La importancia del Equipo Multidisciplinario en el manejo de las diversas patologías que afectan la Vía Aérea del Niño.** Dr Patricio Varela. Chile (5 minutos)

14:05 - 14:25

**Aportes de la Endoscopia Terapéutica en Patología Laringea y Traqueal.** Dr Botto. Argentina (20 minutos)

14:25 - 14:40

**Estenosis Subglótica. Standarización del Diagnóstico y Técnicas Quirúrgicas.** Dr. Patricio Varela. Chile. (15 minutos)

14:40 - 15:05

**Estenosis Traqueal Congénita. "Un Desafío Mayor". Aspectos morfológicos y clínicos.** Opciones terapéuticas. Experiencia de Cincinnati. Dr Richard Azizkan. U.S.A (25 minutos)

15:05 - 15:30

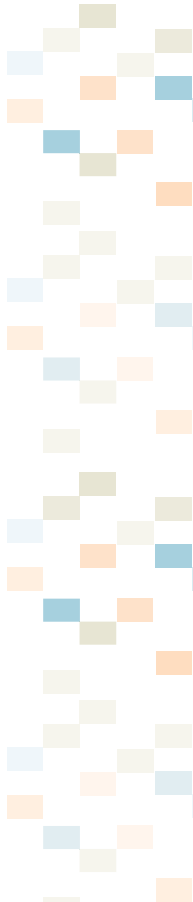

**Estenosis Traqueal Congénita. Experiencia del Hospital de Niños de Toronto.** Dr Peter Kim. Canada. (25 minutes)

15:30 - 16:00 **Café**

16:00 - 16:15

**Trauma de Vía Aérea. Manejo y Presentación de Casos Clínicos.** Thom Lobe M.D. (15 minutes)

16:15 - 16:30

**Acquired Tracheal Stenosis (Non Subglottic) Dilatation v/s Resection. Which is the Option?** Dr. Richard Azizkhan. USA. (15 minutes)  
*16:30 - 16:50*

**Tracheal and Lung Transplant. Current Reality.** Mariano Boglione. Argentina. (20 minutes)  
*16:30 - 16:55*

**Uses of Stents in Tracheomalacia and Broncomalacia. Current Controversies.** Dr Peter Kim. Canada (25 minutes)  
*17:00 - 17:10*

**Aortopexia in Severe Tracheomalacia. Videotoracoscopy Support. Clinical Case.** Steven Rothemberg. U.S.A. (10 minutes)  
*17:10 - 18:00*

**Interactive Session of Clinical Cases Moderator:**  
Dr Victor Defago (Argentina)  
Dr Carlos Fraga (Brazil)

#### **Clinical Cases. Abstracts Lectures**

**Case 1**  
Rare Malformation. Peter Kim. Canada (7 minutes)

**Case 2**  
Rare Airway Case. Peter Kim (5 minutes)

**Case 3**  
Tracheal Tumors: Do they exist? Dr. Patricio Varela. Chile (5 minutes)

**Case 4**  
Supraglottic Treatment for Laryngomalacia. Best Approach.  
Dr Carlos Fraga. Porto Alegre. Brazil (7 minutes)

**Case 5**  
Laryngeal Cleft. Victor De Fago. Argentina (7 minutes)

*17:40 - 18:00*

**Discussion and Closing**

**Estenosis Traqueal Adquirida (no subglótica) Dilatación v/s resección.Cuál es la mejor opción?** Dr. Richard Azizkhan. USA. (15 minutos)  
*16:30 - 16:50*

**Trasplante Traqueal y Pulmonar. Realidad Actual.** Mariano Boglione. Argentina. (20 minutos)  
*16:30 - 16:55*

**Utilidad de los Stents en Traqueomalacia y Broncomalacia. Controversias actuales.** Dr Peter Kim. Canada (25 minutos)  
*17:00 - 17:10*

**Aortopexia en Traqueomalacia Severa. Apoyo de la Videotoracosopia. Caso Clínico.** Steven Rothemberg. U.S.A. (10 minutos)  
*17:10 - 18:00*

**Sesion Interactiva de Casos Clinicos Moderator:**  
Dr Victor Defago (Argentina)  
Dr Carlos Fraga (Brazil)

#### **Clinical Cases. Abstracts Lectures**

**Caso 1**  
Rare Malformation. Peter Kim. Canada (7 minutos)

**Caso 2**  
Rare airway case. Peter Kim (5 minutos)

**Caso 3**  
Tumores Traqueales: Existen? Dr. Patricio Varela. Chile (5 minutos)

**Caso 4**  
Supraglottic treatment for Laryngomalacia. Best Approach.  
Dr Carlos Fraga. Porto Alegre. Brazil (7 minutos)

**Caso 5**  
Laryngeal Cleft. Victor De Fago. Argentina (7 minutos)

*17:40 - 18:00*

**Discusión y Clausura**

## HYPOSPADIAS FROM A - Z

*Sunday September 9th from 7:30 am to 12:30 pm*

**Chairman:** Rafael Gosalbez  
**Secretary:** Miguel Castellan

*7:30 - 7:35*

**Introduction** Rafael Gosalbez (5 min)

*7:35 - 9:35*

### **Distal Hypospadias**

*7:35 - 7:55*

#### **TIP repair for distal hypospadias**

Jack Elder (20 min)

*7:55 - 8:15*

**Alternatives to TIP repair for distal hypospadias** Ricardo Zubieta (20 min)

*8:15 - 8:35*

#### **Chordee in hypospadias**

**- a comprehensive analysis**

Paddy Dewan (20 min)

*8:35 - 8:55*

#### **Peno-scrotal transposition in hypospadias"**

Marty Koyle (20 min)

*8:55 - 9:15*

#### **Regional anesthesia, blocks and analgesia in hypospadias**

Lynne Maxwell (20 min)

*9:15 - 9:35*

**Discussion** (20 min)

*(Castellan & Pippi-Salle to moderate)*

*9:35 - 10:00* **Break**

#### **Proximal Hypospadias**

*10:00 - 10:20*

#### **"One stage repair of proximal hypospadias"**

Anthony Caldamone (20 min)

*10:20 - 10:40*

#### **Staged proximal hypospadias repair: when and how**

David Diamond (20 min)

## HIPOSPADIAS DE LA A - Z

*Domingo 9 de Septiembre de 7:30 a.m. a 12:30 p.m.*

**Presidente:** Rafael Gosalbez  
**Secretario:** Miguel Castellan

*7:30 - 7:35*

**Introducción** Rafael Gosalbez (5 min)

*7:35 - 9:35*

### **Hipospadias Distal**

*7:35 - 7:55*

#### **La operación de Snodgrass para hipospadias distal**

Jack Elder (20 min)

*7:55 - 8:15*

**Alternativas a la operación de Snodgrass en hipospadias distal** Ricardo Zubieta (20 min)

*8:15 - 8:35*

#### **La cuerda en hipospadias**

**- un análisis exhaustivo**

Paddy Dewan (20 min)

*8:35 - 8:55*

#### **Transposición penoescrotal en hipospadias"**

Marty Koyle (20 min)

*8:55 - 9:15*

#### **Anestesia regional, bloqueos y analgesia en hipospadias**

Lynne Maxwell (20 min)

*9:15 - 9:35*

**Debate** (20 min)

*(Castellan & Pippi-Salle como moderadores)*

*9:35 - 10:00* **Intervalo**

#### **Hipospadias Proximal**

*10:00 - 10:20*

#### **"Corrección en un paso en hipospadias proximal"**

Anthony Caldamone (20 min)

*10:20 - 10:40*

#### **"Corrección gradual en hipospadias proximal: cuándo y cómo"**

David Diamond (20 min)

## Hypospadias Complications

10:40 - 11:00

**"Physiology of flaps and grafts in hypospadias repair: when to use what and how?"**

John Brock (20 min)

11:00 - 11:20

**Treatment of severe hypospadias complications: large fistulae, residual chordee, penile skin deficiency**

João Pippi-Salle (20 min)

11:20 - 11:40

**Surgical concepts for prevention of hypospadias cripples**

Rafael Gosálbez (20 min)

11:40 - 12:30

**Discussion** (40 min)

*(Castellan, Zubieta & Dewan to moderate)*

12:30 **Adjourn**

## Controversies in Reconstructive Bladder Surgery in Pediatric Urology

*Sunday, September 9th, 13:00 to 18:15*

**President:** João L. Pippi Salle, Canada

**Secretary:** Pedro José Lopez, Chile

13:00 - 13:15

**Introduction and Basic Concepts**

João Pippi Salle

13:15 - 13:30

**Modern radiologic investigation in children with refractory urinary incontinence**

Harriet Paltiel - USA

13:30 - 13:45

**Discussion**

13:45 - 14:05

**Treatment of Bladder Neck insufficiency:**

**How do I treat**

John Brock, USA

14:05 - 14:20

**Discussion**

## Complicaciones en Hipospadias

10:40 - 11:00

**"Fisiología de los colgajos e injertos en el tratamiento de hipospadias: ¿Cuándo usar, qué usar y cómo?"**

John Brock (20 min)

11:00 - 11:20

**Tratamiento de las complicaciones del hipospadias severo: Grandes fistulas, cuerda residual, deficiencias de piel peneana**

João Pippi-Salle (20 min)

11:20 - 11:40

**Principios quirúrgicos para la prevención de cripples**

Rafael Gosálbez (20 min)

11:40 - 12:30

**Debate** (40 min)

*(Castellan, Zubieta & Dewan to moderate)*

12:30 **Cierre**

## Controversias en Cirugía Reconstructiva de la Vejiga en Urología Pediátrica

*Domingo 9 de Septiembre, 13:00 a 18:15 hs*

**Presidente:** João L. Pippi Salle, Canadá

**Secretario:** Pedro José López, Chile

13:00 - 13:15

**Introducción y Conceptos básicos**

João Pippi Salle

13:15 - 13:30

**Investigación radiológica moderna para la investigación de los niños con incontinencia urinaria refractaria**

Harriet Paltiel - USA

13:30 - 13:45

**Discusión**

13:45 - 14:05

**Tratamiento de la incompetencia esfinteriana. ¿Cómo lo hago yo?**

John Brock, USA

14:05 - 14:20

**Discusión**

14:20 - 14:40

**The use of sling for the treatment of low sphincteric resistance in children**

Jack Elder - USA

14:40 - 14:55

**Discussion**

14:55 - 15:30 **Coffee Break**

15:30 - 15:50

**The role of injectable agents for the treatment low sphincteric resistance in primary as well as failed cases**

Martin Koyle - USA

15:50 - 16:05

**Discussion**

16:05 - 16:25

**The use of artificial urinary sphincter for the treatment of sphincteric insufficiency: long-term results**

Eduardo Ruiz - Argentina

16:25 - 16:40

**Discussion**

16:40 - 17:00

**Complications of bladder augmentation: How to choose the best segment?**

Rafael Gosálbez - USA

17:00 - 17:15

**Discussion**

17:15 - 17:35

**Seromuscular enterocystoplasty: an update.**

Helio Buson - Brazil

17:35 - 17:40

**Discussion**

17:40 - 18:00

**Ureterocystoplasties: indications and limitations**

Paddy Dewan - Australia

18:00 - 18:15

**Discussion**

18:15 **Adjourn**

14:20 - 14:40

**El uso de los slings para el tratamiento de la resistencia esfinteriana baja en niños**

Jack Elder - USA

14:40 - 14:55

**Discusión**

14:55 - 15:30 **Coffee Break**

15:30 - 15:50

**El rol de los agentes inyectables para el tratamiento de la resistencia urinaria baja en casos primarios y en la fallas del tratamiento**

Martin Koyle - USA

15:50 - 16:05

**Discusión**

16:05 - 16:25

**El uso del esfínter urinario artificial para el tratamiento de la incompetencia esfinteriana, resultados a largo plazo**

Eduardo Ruiz - Argentina

16:25 - 16:40

**Discusión**

16:40 - 17:00

**Complicaciones de las ampliaciones vesicales. ¿Cómo elegir el mejor segmento?**

Rafael Gosálbez - USA

17:00 - 17:15

**Discusión**

17:15 - 17:35

**Enterocistoplastia seromuscular: una puesta al día**

Helio Buson - Brazil

17:35 - 17:40

**Discusión**

17:40 - 18:00

**Ureterocistoplastia: indicaciones y limitaciones**

Paddy Dewan - Australia

18:00 - 18:15

**Discusión**

18:15 **Resumen**

## Technical Tricks & Outcome in Endosurgery

1 a 6 pm

**Chairman:** María Marcela Bailez  
**Secretaries:** Gastón Elmo, Aixa Reusmann

### Topics

#### • Gastrostomy & Antireflux.

##### **Moderator:**

Marcelo Martínez Ferro (Hospital Fund, Children's Hospital, Olivos, Buenos Aires Argentina)

##### **Panelists:**

Keith Georgeson (University of Alabama, Birmingham AL USA)  
Edward Esteves (University of Goiás Brazil)

2 - 2.30 pm

#### **Outcome of Lap Nissen.**

2.30 - 2.45 pm

#### **Laparoscopic Gastrostomy.**

(Troubles - Results How to Avoid Them)

2.45 - 3 pm

#### **Discussion Panel**

#### • Duodenum - Pancreatic Surgery.

(Technical Details of Unusual Procedures)

3 - 3.15 pm

#### **Resection of Pancreatic Localized Nodules in Hyperinsulinism.**

Klass Bax (Wilhelmina Children's Hospital/ Utrecht, The Netherlands)

3.15 - 3.30 pm

#### **Malrotation. Easiest way of doing it.**

Klass Bax

3.30 - 3.45 pm

#### **Video Session of Different**

#### **Procedures: Annular Pancreas; Total Pancreatectomy; Duodenal Webs.**

Marcela Bailez (Garrahan Hospital Buenos Aires Argentina)

3.45 - 4 pm

#### **Discussion**

## Trucos Técnicos & Resultados en Endocirugía

1 a 6 pm

**Director:** María Marcela Bailez  
**Secretarios:** Gastón Elmo, Aixa Reusmann

### Temario

#### • Gastrostomía & Antireflujo.

##### **Moderador:**

Marcelo Martínez Ferro (Fundación Hospitalaria Hospital de Niños, Olivos, Buenos Aires Argentina)

##### **Panelistas:**

SEIT Georgeson (University of Alabama, Birmingham AL EEUU)  
Edward Esteves (University of Goiás Brazil)

2 - 2.30 p.m.

#### **Resultado de Lap Nissen.**

2.30 - 2.45 p.m.

#### **Gastrostomía laparoscópica.**

(Problemas. ¿Cómo evitarlos?)

2.45 - 3 p.m.

#### **Panel de Discusión**

#### • Duodeno - Cirugía Pancreática.

(Detalles técnicos de procedimientos poco habituales)

3 - 3.15 p.m.

#### **Resección de nódulos pancreáticos en casos de hiperinsulinismo.**

Klass Bax (Wilhelmina Children's Hospital/ Utrecht, Países Bajos)

3.15 - 3.30 p.m.

#### **Malrotación. La forma más sencilla de hacerla.**

Klass Bax

3.30 - 3.45 p.m.

#### **Sesión de video de distintos procedimientos:**

#### **Páncreas anular; Pancreatectomía total; diafragma duodenal.**

Marcela Bailez (Hospital Garrahan Buenos Aires, Argentina)

3.45 - 4 p.m.

#### **Debate**

4 - 4.15 pm **Coffee Break**

• **Morbid Obesity.**

4.15 - 4.45 pm

**New Standards in Bariatric Surgery in Adolescents. Experience in the USA.**

Thomas H Inge (Surgical Director, Comprehensive Weight Management Center Cincinnati Children's Hospital USA)

4.45 - 5 pm

**Initial Experience in Chile.**

Jorge Godoy

• **Lung Surgery.**

**Moderator:** Marcelo Martinez Ferro

5 - 5.30 pm

**Lessons Learned after 100**

**Lobectomies.**

Steve Rothemberg (St. Lukes Hospital Denver, CO USA)

5.30 - 5.45 pm

**Experience with patients with Prenatal Diagnosed Congenital Lung Lesions Undergoing Thoracoscopic Lobectomy.**

Pablo Laje (The Children's Hospital Of Philadelphia, USA)

5.45 - 6 pm

**Role of MIS in Metastatic Lung Lesions.**

Marcelo Barrenechea (Garrahan Hospital Buenos Aires Argentina)

4 - 4.15 p.m. **Intervalo**

• **Obesidad Mórbida.**

4.15 - 4.45 p.m.

**Nuevos criterios sobre la cirugía bariátrica en adolescentes. Experiencia en los EEUU.**

Thomas H Inge (Director de cirugía, Comprehensive Weight Management Center Cincinnati Children's Hospital USA)

4.45 - 5 p.m.

**Experiencia inicial en Chile.**

Jorge Godoy

• **Cirugía de pulmón.**

**Moderador:** Marcelo Martinez Ferro

5 - 5.30 p.m.

**Lo aprendido luego de 100 lobectomías.**

Steve Rothemberg (St. Lukes Hospital Denver, CO USA)

5.30 - 5.45 p.m.

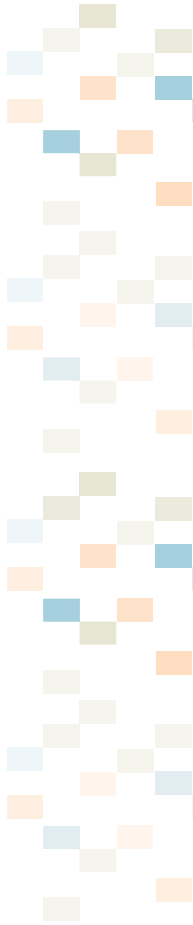

**Experiencia en pacientes con lesiones pulmonares congénitas diagnosticadas en forma prenatal que se sometían a lobectomía toracoscópica.**

Pablo Laje (The Children's Hospital Of Philadelphia, EEUU)

5.45 - 6 p.m.

**El papel de la CIM (Cirugía invasiva mínima) en lesiones metastásicas de pulmón.**

Marcelo Barrenechea (Hospital Garrahan Buenos Aires Argentina)

## Scrub Nurses

7.30 a 12.30

### Chairmen

Lic. Diana Leda Bortolato / Dra. Marcela Bailez

### General Surgery (Dissertation)

08:00 a 08:30

### Pectus

Instr. Silvia Fontenla - Inst. Marcela Baez  
(Hospital Garrahan)  
Dr. Carlos Fraire

08:45 a 09:15

### Ambiguous Genitals

Instr. Silvia Fontenla - Instr. María Fabiana Bailez (Hospital Garrahan)  
Dra. Marcela Bailez

### Plastic Surgery (Dissertation)

09:30 a 10:00

### Expansors

Instr. Patricia Álvarez-Dra. Gloria Manassero  
(Hospital Garrahan)

## Break 30'

10:30 a 11:00

### Free Flap with Implants |

Instr. María Candia - Dr. Juan Rodríguez  
(Hospital Garrahan)

### Pediatric Trauma (Round Table)

**Moderator:** Dra. Silvia Soler

11:15 a 12:30

### The Polytraumatized Pediatric Patient

Dr. Fernando Huaier - Priorities in Initial Assistance (Hospital Gutiérrez)

Instr. Silvana D'Agostino - Dr. Miguel Puigdevall - Dr. Santiago Bossio  
Traumatología (Hospital Italiano)

Instr. Claudia Fabiana Bennardis -

Instr. María Alejandra Correa

Neurosurgery (Hospital Garrahan)

## Instrumentación Quirúrgica

7.30 a 12.30

### Directores

Lic. Diana Leda Bortolato / Dra. Marcela Bailez

### Cirugía General (Disertación)

08:00 a 08:30

### Pectus

Instr. Silvia Fontenla - Inst. Marcela Baez  
(Hospital Garrahan)  
Dr. Carlos Fraire

08:45 a 09:15

### Genitales ambiguos

Instr. Silvia Fontenla - Instr. María Fabiana Bailez (Hospital Garrahan)  
Dra. Marcela Bailez

### Cirugía Plástica (Disertación)

09:30 a 10:00

### Expansores

Instr. Patricia Álvarez-Dra. Gloria Manassero  
(Hospital Garrahan)

## Receso 30'

10:30 a 11:00

### Colgajo libre con implantes

Instr. María Candia - Dr. Juan Rodríguez  
(Hospital Garrahan)

### Trauma Pediátrico (Mesa redonda)

**Moderadora:** Dra. Silvia Soler

11:15 a 12:30

### El paciente pediátrico politraumatizado

Dr. Fernando Huaier - Prioridades en la atención inicial (Hospital Gutiérrez)

Instr. Silvana D'Agostino - Dr. Miguel Puigdevall - Dr. Santiago Bossio  
Traumatología (Hospital Italiano)

Instr. Claudia Fabiana Bennardis -

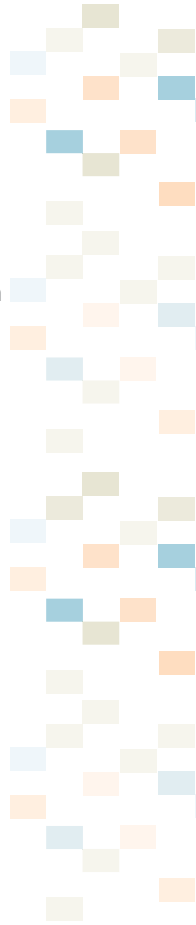

Instr. María Alejandra Correa

Neurocirugía (Hospital Garrahan)

## Scientific Programme / Programa Científico

### Speakers / Disertantes

- Acastello, Eduardo - Argentina
- Azizkhan, Richard - United States
- Amarante, Antonio - Brazil
- Bailez, Marcela - Argentina
- Bax, Klaas - Netherlands
- Boix Ochoa, José - Spain
- Brock, John - United States
- Caldamone, Anthony - United States
- Cervio, Guillermo - Argentina
- Chantada, Guillermo - Argentina
- Coran, Arnold - United States
- Crombleholme, Timothy - United States
- De Badiola, Francisco - Argentina
- Denes, Francisco - Brazil
- Dewan, Paddy - Australia
- Diamond, David - United States
- Dunn, Stephen - United States
- Eichelberger, Martin - United States
- Elder, Jack - United States
- Esteves, Edward - Brazil
- Fishman, Steve - United States
- Gearhart, John - United States
- Georgenson, Keith - United States
- Godoy, Jorge - Chile
- Gosálbez, Rafael - United States
- González, Ricardo - United States
- Groesfeld, Jay - United States
- Gupta, Devendra - India
- Hamza, Alaa - Egypt
- Heinen, Fernando - Argentina
- Hollwarth, Michael - Austria
- Hutson, John - Australia
- Jasoni, Vicenzo - Italy
- Jaureguizar Menereo, Enrique - Spain
- Korman, Raúl - Argentina
- Koyle, Marty - United States
- Lackgren, Goran - Sweden
- Langer, Jack - Canada
- Lorenzo, Armando - Canadá
- Losty, Paul - England
- Macksoud, João Gilberto - Brazil
- Martins, José Luiz - Brazil
- Millar, Alastair - England
- Miyano, Takeshi - Japan
- Moldes, Juan - Argentina
- Nuss, Donald - United States
- Peiro, José Luis - Spain
- Peña, Alberto - United States
- Pinter, Andrew - Hungary
- Pippi Salles, João Louis - Canada
- Prieto, Fermín - Argentina
- Puri, Prem - Ireland
- Rao, Bashkar - United States
- Rintala, Risto - Finland
- Rode, Heinz - South Africa
- Ruiz, Eduardo - Argentina
- Tam, Paul - China
- Tannuri, Uenis - Brazil
- Tovar, Juan - Spain
- Varela, Mario - Chile
- Vega Perugorria, José Miguel - Argentina
- Vilarrodona, Hugo - Argentina
- Wilson, Jay - United States

## Scientific Programme / Programa Científico

### MONDAY 10<sup>th</sup>

#### Pacific Room

8:30 a.m. - 10:00 a.m.

#### Round Table

#### Congenital Diaphragmatic Hernia

**Moderator:** Uenis Tannuri (Brazil)

**Secretary:** Mariano Boglione (Argentina)

#### Invited Speakers

José Luis Peiro (Spain)

Klaas Bax (Holanda)

Jay Wilson (United States)

Paul Losty (England)

#### Salón Pacífico

8:30 a.m. - 10:00 a.m.

#### Mesa Redonda

#### Hernia Diafragmática Congénita

**Moderador:** Uenis Tannuri (Brasil)

**Secretario:** Mariano Boglione (Argentina)

#### Disertantes Invitados

José Luis Peiro (Spain)

Klaas Bax (Holanda)

Jay Wilson (United States)

Paul Losty (England)

10:00 a.m. - 10:30 a.m. **Coffee Break**

10:30 a.m. - 1:00 p.m.

#### State of the art Lecture

**Chairman:** Raúl Korman (Argentina)

**Chairman:** Renato Acuña (Chile)

#### Invited Speakers

Neuroblastoma - Jay Grosfeld (United States)

Biliary Atresia and Choledochal Cyst-

Takeshi Miyano (Japan)

Short Gut Syndrome- Michael Hollwarth (Austria)

Variant Hirschsprung's Disease- Prem Puri (Ireland)

Accident Prevention in Children- Martin Eichelberger (United States)

10:30 a.m. - 1:00 p.m.

#### Conferencias Magistrales

**Coordinador:** Raúl Korman (Argentina)

**Coordinador:** Renato Acuña (Chile)

#### Disertantes Invitados

Neuroblastoma - Jay Grosfeld (United States)

Atresia de Vía Biliar Quiste de coledoco- Takeshi Miyano (Japan)

Síndrome de Intestino Corto- Michael Hollwarth (Austria)

Enfermedad de Hirschsprung. Variantes de presentación - Prem Puri (Ireland)

Prevencción de Accidentes en Niños - Martín Eichelberger (United States)

1:00 p.m. - 2:00 p.m. **Lunch Break**

2:00 p.m. - 3:30 p.m.

#### Round Table

#### Surgical Problems in immunocompromised patients with malignant diseases or posttransplantation therapy

**Moderator:** Fermín Prieto (Argentina)

**Secretary:** Pablo Lobos (Argentina)

#### Invited Speakers

Edward Esteves (Brazil)

Guillermo Chantada (Argentina)

Heinz Rode (South Africa)

Rao Bashkar (United State)

2:00 p.m. - 3:30 p.m.

### **Mesa Redonda**

#### **Complicaciones Quirúrgicas en pacientes inmunosuprimidos con enfermedades malignas o terapia post trasplante**

**Moderador:** Fermín Prieto (Argentina)

**Secretario:** Pablo Lobos (Argentina)

#### **Disertantes Invitados**

Edward Esteves (Brazil)

Guillermo Chantada (Argentina)

Heinz Rode (South Africa)

Rao Bashkar (United State)

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 6:00 p.m.

#### **Oral Presentation: Session 4**

**Moderator:** Alastair Millar

**Moderator:** Goncalvez da Cunha

**# 366.** C-myc induced apoptosis is possibly balanced by HMGB-1 in neuroblastoma cells within hypoxia

*Marc Reismann*

**# 374.** ANALYSIS OF ANGIOGENESIS IN CHILDREN WITH NEUROBLASTOMA

*Przemyslaw Przewratil*

**# 170.** Evidence of potent cells in the human umbilical cord for future cell-based therapies in pediatric surgery

*Victoria Lechner Weisser*

**# 271.** RARE OCCURRENCE OF PHOX2B MUTATIONS IN NEUROBLASTOMAS:

ANALYSIS OF 69 PATIENTS

*Alexandre Serra*

**# 225.** Aortic Replacement on Abdominal Tumor Surgery in Children

Rodrigo Ribeiro

**# 925.** SURGICAL RESECTION IMPROVES SURVIVAL IN INFANTS WITH STAGE III AND IV ABDOMINAL NEUROBLASTOMA

*Devendra Gupta*

**# 322.** Angioembolization in pediatric oncological surgery

*Lucas Krauel*

**# 774.** 20 years treating Hepatocellular Carcinoma (HCC) : Lessons learned

*Carlos Daniel Luque*

**# 499.** 20 Years experience treating Hepatoplastomas

*Carlos Luque*

**# 928.**EFFECTIVENESS OF PREOPERATIVE CHEMOTHERAPY FOR HEPATOBLASTOMA

*Devendra Gupta*

**# 323.** VALUE OF EBV VIRAL LOAD MONITORING IN THE CONTROL OF POST-TRANSPLANT LYMPHOPROLIFERATIVE DISEASE (PTLD) IN PEDIATRIC LIVER TRANSPLANTATION

*Joao Gilberto Maksoud-Filho*

**# 782.** Prognostic markers in pediatric Fulminant Hepatic Failure (FHF)

*Carlos Daniel Luque*

**# 568.** Living Donor Liver Transplantation in Pediatric Patients with Acute Liver Failure: Safe and Effective Alternative.

*Mario Uribe*

**# 233.** Experimental models of liver regeneration in growing animals. Histological and molecular studies, and evaluation of the effects of immunosuppressants.

*Ana Tannuri*

**# 319.** Impact of PELD/ MELD scoring system on pediatric liver transplantation at Instituto da Crianca Faculdade de Medicina da Universidade de SaoPaulo

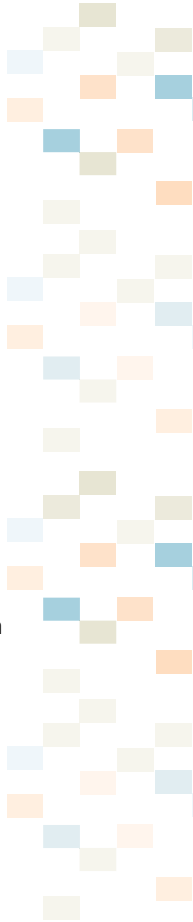

*Joao Gilberto Maksoud-Filho*

**# 350.** IN VITRO AND IN VIVO FUNCTIONAL AND STRUCTURAL EVALUATION OF CULTIVATED FETAL AND ADULT HEPATOCYTES

*Adnan Narci*

**#402.** PEDIATRIC LIVING-DONOR LIVER TRANSPLANTATION IN EGYPT - A SINGLE CENTER EXPERIENCE

*Hesham Abdelkader*

## Atlantic ABC Room

8:30 a.m. - 10:00 a.m.

### Round Table

#### Complicated Hirschsprung's Disease

**Moderator:** Andrew Pinter (Hungary)

**Secretary:** Favio Diaz (Argentina)

#### Invited Speakers

Arnold Coran (United States)

Vincenzo Jasoni (Italy)

Jack Langer (Canada)

Devendra Gupta (India)

## Salón Atlántico ABC

8:30 a.m. - 10:00 a.m.

### Mesa Redonda

#### Enfermedad de Hirschsprung Complicada

**Moderador:** Andrew Pinter (Hungary)

**Secretario:** Favio Diaz (Argentina)

#### Disertantes Invitados

Arnold Coran (United States)

Vincenzo Jasoni (Italy)

Jack Langer (Canada)

Devendra Gupta (India)

10:00 a.m. - 10:30 a.m. **Coffee Break**

1:00 p.m. - 2:00 p.m. **Lunch Break**

## Atlantic A Room

2:00 p.m. - 3:30 p.m.

### Oral Presentation : Session 1

**Moderator:** José Luis Peiró Ibañez

**Moderator:** Rodolfo Majluf

**# 704.** THORACOSCOPY IN PEDIATRIC COMPLICATED PARAPNEUMONIC EFFUSION (CPE) AT FIBRINOPURULENT STAGE

*Jose Carlos Fraga*

**#334.** Congenital Cystic Adenomatoid Malformation of the Lung. Clinical

presentation

*Marcelo Barrenechea*

**#829.** Congenital Cystic Adenomatoid Malformation of the lung: experience from a tertiary care center with prenatal diagnosis.

*Rodrigo Romão*

**#187.** Tumors of the chest wall in Childhood  
*Gonca Topuzlu Tekant*

**# 912.** Myasthenia Gravis: Report of a 16 cases series.

*Carolina Andrea Donoso Carrasco*

**# 207.** THORACOSCOPIC SYMPATHECTOMY IS A SAFE AND EFFECTIVE OPTION TO OPEN

*Asher Aziz*

**# 565.** Endoscopic Thoracic Sympathicotomy procedure for Primary Palmar Hyperhidrosis in Children

*Jorge Buraschi*

**#773.** Congenital lung malformations

*Iván Alcoholado*

**# 716.** Pleural decortication for complicated pneumonia in children

*Yolanda Gálvez*

**# 378.** Tumor necrosis factor alpha (TNF- $\alpha$ ) concentration in a novelty experimental pleural empyema induced by thoracentesis.

*Vanessa Martha*

**# 244.** Pulmonary Parenchymal Alveolar Histological Study in Experimental Tracheoesophageal Malformations

*Bilge Karabulut*

**# 270.** t(11;19)(q21;p13.11) AND MECT1-MAML2 FUSION TRANSCRIPT EXPRESSION AS A PROGNOSTIC MARKER IN INFANTILE LUNG MUCOEPIDERMOID CARCINOMA

*Alexandre Serra*

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 6:00 p.m.

### Oral Presentation: Session 5

**Moderator:** Takeshi Miyano

**Moderator:** Hector Pacheco

**# 521.** NEW CONTRIBUTIONS IN THE DIAGNOSIS AND TREATMENT OF CHOLEDOCAL CYST  
*Paul Esteban Astudillo Neira*

**# 927.** Is Emergency intervention warranted in the management of acute choledochal cysts?  
*Devendra Gupta*

**# 706.** Further Plea for Resection of Bile Duct and Roux-en-Y Hepatico-jejunostomy in the Treatment of the Choledochal Cyst  
*Corina Zamfir*

**# 650.** HEPATOBILIARY SURGERY: A SINGLE CENTER EXPERIENCE  
*Hanan Said*

**# 636.** THE BILARY ATRESIA MANAGEMENT: A TWENTY-FIVE YEAR EXPERIENCE  
*Eduardo Costa*

**# 234.** Laparoscopy as an early diagnostic investigation for Neonatal Cholestasis  
*Lily Saldaña Gallo*

**# 759.** Biliary Atresia 30 year Experience  
*Fabián Omar Salgueiro*

**# 676.** Steroids in biliary atresia - who cares?  
*Petersen Claus*

**# 500.** Outcome of pre-operative high-dose steroid therapy in infants with biliary atresia  
*Hamid Reza Foroutan*

**# 725.** CEFTRIAXONE INDUCED BILIARY AND NEPHRO PSEUDOLITHIASIS: A RARE ASSOCIATION  
*Irfan Serdar Arda*

**# 790.** Role of Doppler Ultrasonography in Abdominal Pain Work-up  
*Marina Orsi*

**# 638.** PORTO-MESENTERIC THROMBOSIS IN A PREVIOUSLY HEALTHY CHILD: A RARE CAUSE OF PEDIATRIC ACUTE ABDOMEN  
*Eduardo Costa*

**# 679.** OUR EXPERIENCE IN LAPAROSCOPIC CHOLECYSTECTOMIES IN CHILDREN  
*Marcel Oancea*

**# 558.** Primary Peptic Ulcer Disease in Children: Need Surgery

*You Yu*  
**# 445.** PERITONITIS BY INTESTINAL TYPHOID PERFORATION IN CHILDHOOD  
*Bankole Roumanatou*

1:00 p.m – 2:00 p.m. **Lunch Break**

### Atlantic B Room

2:00 p.m. - 3:30 p.m.

#### Oral Presentation: Session 2

**Moderator:** Klaas Bax

**Moderator:** Zabala Alejandro

**# 221.** LAPAROSCOPIC GASTRIC BANDING IN ADOLESCENTS OBESE PATIENTS: AN EXTRA HELP

*Miguel Guelfand*

**# 430.** USING A STANDARDIZED SEQUENCE OF LAPAROSCOPIC DRILLS IN A PHYSICAL TRAINER, WHEN DO MEXICAN PEDIATRIC SURGICAL RESIDENTS ACHIEVE AN ADVANCED SKILL LEVEL?

*Ricardo Manuel Odorica Flores*

**# 229.** CO2 pneumoperitoneum increases intrahepatic tumor spread after intraperitoneal murine neuroblastoma spillage in mice

*Martin Metzelder*

**# 174.** ROLE OF LAPAROSCOPY IN NON PALPABLE UNDESCENDED TESTIS:

*Prakash Agarwal*

**# 213.** Transumbilical laparoscopically assisted appendectomy in children: High-tech low budget surgery

*Stjepan Visnjic*

**# 535.** Postoperative evolution of open versus laparoscopic appendectomy

*Bruno Martinez Leo*

**# 579.** Interval Appendicectomy: Has it really been justified?

*Salah Kamaldeen*

**# 601.** Complicated appendicitis: Still an important source of morbidity in children  
*Maria Eugenia Elias*

**# 762.** Acute appendicitis in young infants. More common than thought, and difficult to diagnose

*Marcelo Daniel Boer*

**# 846.** Percutaneous aspiration of abscesses in pediatric patients

*Griselda Berberian*

**# 315.** Increased Surgeon Density Coincides with a Reduced Risk of Perforated Appendicitis in US Children

*Arnold Meghan*

**# 331.** Alvarado Score: Diagnostic utility in pediatric patients

*Alejandro Jose Hernandez Rivero*

**# 770.** Congenital adrenal hyperplasia: laparoscopic bilateral adrenalectomy

*Ivan Alcoholado*

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 6:00 p.m.

**Oral Presentation: Session 6**

**Moderator:** Michael Hollwarth

**Moderator:** José Carlos Fraga

**# 657.** Minimally Invasive Procedure for Pectus Carinatum Repair.

*Horacio Abramson*

**# 745.** Minimally Invasive Pectus Carinatum Repair: Complications and Technical Modifications of a New Procedure.

*Horacio Abramson*

**# 859.** Pectus Carinatum: classification criteria and long term results after simplified surgical technique

*Patricia Garrido*

**# 914.** The Nuss Procedure. Our results in 132 patients

*Patricio Varela*

**# 309.** Lasting satisfaction after pectus bar removal in children and adolescents

*Martin Metzelder*

**# 379.** Treatment of Pectus Excavatum with Bio-Alcamid. Is it a definitive aesthetic solution?

*Carlos Gutiérrez*

**# 819.** PECTUS EXCAVATUM. Preliminary report on the first 23 cases operated on with the Nuss's Technique in Ecuador

*Michele Ugazzi*

**# 858.** Poland Syndrome: Classification, treatment and follow up

*Patricia Garrido*

**# 268.** Congenital Complex Costal Malformations: still a difficult problem

*Patricia Garrido*

**# 409.** Innovation and research in pediatric surgery: an ethical framework

*M ELENA MARTIN*

**# 352.** TELEMEDICINE IN POSTGRADUATE PAEDIATRIC SURGICAL EDUCATION IN AFRICA

*MAURICE MARS*

**# 342.** Virtual Atlas of Pediatric Surgery : [www.virtualpedsurg.com](http://www.virtualpedsurg.com)

*Francisco Saitua*

**# 394.** HOSPITAL CLOWNS DIMINISH THE ANXIETY IN THE SURGICAL CHILD?

*Stella Maris Rial Asorey*

**# 359.** Telemedical robot rounds: A survey of pediatric surgical patients

*Oliver Muensterer*

### Atlantic C Room

2:00 p.m. - 3:30 p.m.

**Oral Presentation: Session 3**

**Moderator:** Paul Losty

**Moderator:** Elines Oliva Maciel

**# 930.** PRECONCEPTIONAL ADMINISTRATION OF VITAMIN A REDUCES SEVERITY OF LUNG HYPOPLASIA IN THE NITROFEN INDUCED-CONGENITAL DIAPHRAGMATIC HERNIA MODEL

*Nana Nakazawa*

**# 881.** IMPACT OF THE FIRST NEONATAL ECMO PROGRAM IN CHILE ON THE OUTCOME OF NEWBORNS WITH CONGENITAL DIAPHRAGMATIC HERNIA

*Alejandro Zavala*

# 446. Tissue engineering for diaphragmatic replacement with collagen matrices. Preliminary results.

*Rene Wijnen*

# 254. IMPACT OF FETAL INTERVENTION IN POSTNATAL MANAGEMENT OF CONGENITAL DIAPHRAGMATIC HERNIA

*Freud Cáseres*

# 469. Laparoscopic repair of diaphragmatic injuries in a rat model.

*Ana Millan Lopez*

# 719. THE ROLE OF VENTILATION AND PERFUSION SCINTIGRAPHY IN THE POSTOPERATIVE FOLLOW-UP OF CONGENITAL DIAPHRAGMATIC HERNIA PATIENTS

*Irfan Serdar Arda*

# 224. MINIMALLY INVASIVE DIAPHRAGMATIC APPROACH. THE NEW GOLD STANDARD?

*Guelfand*

# 274. Congenital duodenal obstruction in children: A recent decades experience

*AbdulRahim Mustafawi*

# 388. DOUBLE DUODENAL OBSTRUCTION

*Stella Maris Rial Asorey*

# 416. EFFECTS OF TROPHIC DONOR HUMAN MILK IN A FASTING ANIMAL MODEL; A FOURIER TRANSFORM INFRARED SPECTROSCOPY STUDY

*Haluk Güven*

# 503. EFFECTS OF NICOTINE, DURING PREGNACY AND LACTATION, ON ABDOMINAL WALL HEALING OF YOUNG OFFSPRING RATS:

TENSIOMETRIC, MORPHOMETRIC AND IMMUNOHISTOCHEMISTRY STUDY

*Marcelo Ribas-Alves*

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 6:00 p.m.

**Oral Presentation: Session 7**

**Moderator:** Crombelholme

**Moderator:** Paulo Roberto Mafra Boechat

# 689. IDIOPATHIC INTESTINAL PERFORATIONS IN PREMATURE NEONATES

*Irfan Serdar Arda*

# 223. IS PRIMARY ANASTOMOSIS A VALID OPTION IN NEWBORN < 1500g WITH NECROTIZING ENTEROCOLITIS?: A PROSPECTIVE STUDY

*Miguel Guelfand*

# 294. PANCREATIC AND SMALL BOWEL ADAPTATIVE CHANGES IN RATS SUBJECTED TO MASSIVE INTESTINAL RESECTION

*GUNGOR KARAGUZEL*

# 553. A surgical alternative in the palliative management of chronic intestinal pseudo-obstruction (CIPO)

*Juan Carlos Pattillo*

# 707. PROGNOSTIC VALUE OF PRENATAL ULTRASOUND IMAGES OF PATIENTS WITH GASTROSCHISIS.

*Jaísa Maria Magalhães de Moura*

# 217. THE CHANGING PATTERN OF MORTALITY IN GASTROSCHISIS: DEATH AS A LATE EVENT

*Anna-May Long*

# 304. Gastroschisis in the western region of Sweden 1985 - 2005

*Lars Göran Friberg*

# 566. Experience in the management of gastroschisis at the Instituto Nacional Materno Perinatal-Peru

*Jackelyne Alvarado*

# 663. Deciding factors for mortality in children with congenital defects of the abdominal wall.

*Maria Yanitskaya*

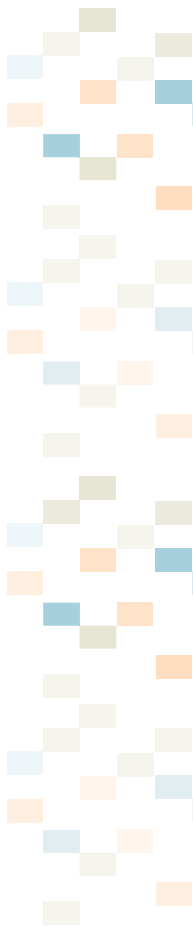

# 605. Evolution in gastroschisis management. The EVEN procedure (Exteriorized Viscera Even Non-invasive reduction).

*Aixa Reusmann*

# 562. Upgraded Results in the Treatment of Gastroschisis using the "Gentle Touch" approach

*Juda Jona*

# 313. Septic complications in infants with

Gastroschisis: An eleven-year review from a referral hospital in Southern Thailand

*Surasak Sangkhathat*

# 341. Gastroschisis and intestinal atresia - support for a mechanical explanation

*Dahl Eilif*

183. Silastic silo placement is equal to primary fascial closure and superior to patch repair in gastroschisis: A retrospective study of short term outcome

*Bergholz Robert*

### Buen Ayre A/B Room

#### Video Presentation: Session 1

**Moderator:** Jay Grosfeld

**Moderator:** Lionel Leitzke

# 461. Laparoscopic treatment of inguinal hernia in children

*Elena Portela Casalod*

# 479. Thoracoscopic Treatment of Long-Term Complications after neonatal Repair of congenital tracheoesophageal fistula

*Yuriy Sokolov*

# 356. Laparoscopic sleeve gastrectomy facilitates substantial postoperative weight loss in a morbidly obese 17-year old girl

*Oliver Muensterer*

# 534. Intraabdominal Pressure measurement and Manheim Classification as associated criteria to the "Open Abdomen" technic in patients with abdominal Sepsis.

*Alfredo Madrigal Malagón*

# 641. PYGOPAGUS COMBINED TWIN SEPARATION SURGERY

*Eduardo Costa*

# 344. Percutaneous Endoscopic Colostomy

*Francisco Saitua*

### Buen Ayre C Room

8:30 a.m. - 10:00 a.m.

#### Round Table

#### Vesicoureteral Reflux

**Moderator:** Ricardo Gonzalez (United States)

**Secretary:** Lisandro Piaggio (Argentina)

#### Invited Speakers

Marty Koyle (United States)

Jack Elder (United States)

Goran Lackgren (Sweden)

Prem Puri (Ireland)

### Salón Buen Ayre C

8:30 a.m. - 10:00 a.m.

#### Mesa Redonda

#### Reflujo Vesicoureteral

**Moderador:** Ricardo Gonzalez (United States)

**Secretario:** Lisandro Piaggio (Argentina)

#### Disertantes Invitados

Marty Koyle (United States)

Jack Elder (United States)

Goran Lackgren (Sweden)

Prem Puri (Ireland)

10:00 a.m. - 10:30 a.m. **Coffee Break**

10:30 a.m. - 11:00 a.m.

#### Oral Presentation Urology: Session 1

**Moderator:** Goran Lackren

**Moderator:** Marty Koyle

# 241. Endoscopic subureteral injection of calcium hidroxyapatyte in children with vesicoureteral reflux: Results after a single injection.

*Sentagne Luis Miguel*

# 855. ENDOSCOPIC TREATMENT OF COMPLICATED GRADE III-IV VESICO URETERAL REFLUX IN INFANTS

*Carlos Miguez*

# 764. MULTICENTRIC PRELIMINARY REPORT FOR ENDOSCOPIC TREATMENT OF VESICO-URETERAL REFLUX USING POLYACRYLATE-POLYALCOHOL COPOLYMER PARTICLES IN GLYCEROL AND WATER (VANTRIS)

*Edurne Ormaechea*

# 848. TRANSITORY OCCLUSION OF

VESICoureTERIC JUNCTION AFTER  
ENDOSCOPIC TREATMENT OF REFLUX  
WITH DEFLUX

*Dragana Zivkovic*

**# 208.** Is postoperative cystography  
necessary after endoscopic treatment of  
low-grade vesicoureteral reflux?

*Luke Harper*

*11:00 a.m. - 12:10 p.m.*

**Video Presentation: Urology Session**

**Moderator:** Edvard Araujo

**Moderator:** Eduardo Ruiz

**# 677.** COMPLETE URETHRAL  
DUPLICATION: ALTERNATIVE APPROACH  
FOR PENILE AND VENTRAL URETHRAS

*Joao Luiz Pippi-Salle*

**# 399.** VU reflux - A GOOD SOLUTION FOR  
A BAD CASE

*Joan Rodó*

**# 598.** PERCUTANEOUS  
NEPHROLITHOTOMY (PCNL) FOR COMPLEX  
LITHIASIS IN CHILDREN: 90 TECHNIQUE

*Vanesa Monllau*

**# 752.** Assisted laparoscopic Artificial  
Urinary Sphincter implantation .Initial  
experience in pediatric population.

*Edurne Ormaechea*

**# 162.** LAPAROSCOPIC INTERVENTION  
OF A FISTULA AND URINARY CYST OF  
URACHUS AT PEDIATRIC AGE. Video.

*Alberto Perez-Lanzac*

**# 436.** LAPAROSCOPIC BILATERAL  
NEPHRECTOMY WITH SIMULTANEOUS  
PERITONEAL DIALYSIS CATHETER  
IMPLANTATION

*JULIO JUSTO BAEZ*

*12:15 p.m. - 12.50 p.m.*

**Oral Presentation Urology: Session 2**

**Moderator:** Lopez Pereyra José

**Moderator:** Sentagne Luis

**# 436.** LAPAROSCOPIC BILATERAL

NEPHRECTOMY WITH SIMULTANEOUS  
PERITONEAL DIALYSIS CATHETER  
IMPLANTATION

*JULIO JUSTO BAEZ*

**# 737.** Peritoneal rehabilitation for Dialysis  
in Children

*Jorge Ismael Rodriguez Herrera*

**# 505.** Videolaparoscopic insertion of the  
first peritoneal dialysis catheter in children  
with chronic renal failure: better long-term  
results?

*Rodrigo Romão*

**# 844.** Abdomino Scrotal Hydrocele (ASH):  
a frequent, underdiagnosed and little-  
known disorder.

*Carlos Schwartz*

**# 203.** PHIMOSIS OR NON-RETRACTABLE  
FORESKIN?

*Martin Palacio*

*1:00 p.m. - 2:00 p.m.* **Lunch Break**

*2:00 p.m. - 3:30 p.m.*

**Round Table**

**The Frequent Obstructive Urologic  
Problems in Neonates**

**Moderator:** Jack Elder (United States)

**Secretary:** Arturo Sentagne (Argentina)

**Invited Speakers**

John Brock (United States)

Dr. Tony Caldamone (United States)

Dr. Paddy Dewan (Australia)

Dr. David Diamond (United States)

*2:00 p.m. - 3:30 p.m.*

**Mesa Redonda**

**Problemas Urológicos obstructivos  
frecuentes en neonatos y lactantes**

**Moderador:** Jack Elder (United States)

**Secretario:** Arturo Sentagne (Argentina)

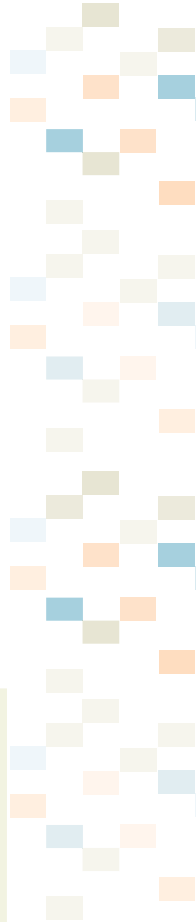

**Disertantes Invitados**

John Brock (United States)

Dr. Tony Caldamone (United States)

Dr. Paddy Dewan (Australia)

Dr. David Diamond (United States)

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 4:40 p.m.

**Oral Presentations Urology: Session 3**

**Moderator:** Paddy Dewan

**Moderator:** Elio Busson

**# 748.** IS COLLAGEN DEVELOPMENT IN THE HUMAN FETAL BLADDER AND URETER RELATED TO URINE PRODUCTION?

*German Falke*

**# 917.** ANALYSIS OF POPULATION KINETICS AND PROTEIN PROFILES OF ADULT AND FETAL RABBIT BLADDER SMOOTH MUSCLE CELLS IN CO-CULTURES

*Haluk Güven*

**# 902.** Sonic hedgehog (Shh) maintains the radial polarity of developing bladder

*Wei Cheng*

**# 789.** Ipsilateral uretero-ureterostomy or pyelo ureterostomy in the treatment of obstruction or reflux in children with duplex ureters

*Miguel Castellan*

**# 189.** Transureteroureterostomy with single ureteral reimplantation for treatment of severe bilateral vesicoureteral reflux

*IBRAHIM BASSIOUNY*

**# 389.** Laparoscopic v/s open technique in an extravesical ureteral reimplantation; which is better

*Pedro José López*

4:45 p.m. - 5:30 p.m.

**Oral Presentation Urology: Session 4**

**Moderator:** Anthony Caldamone

**Moderator:** Germán Quevedo

**# 463.** Hypospadias a trial with 100 consecutive patients

*Juliano Lima*

**# 667.** SIMPLIFYING THE SURGICAL APPROACH TO GLANULAR AND CORONAL HYSPADIAS: LONGITUDINAL URETHRAL INCISION AND GLANULOPLASTY

*Santiago Vallasciani*

**# 476.** hypospadias surgery: using stent/ cystostomy or urethral catheterization (RCT study)

*Saeed Aslanabadi*

**# 410.** Meatoplasty and glanuloplasty with

urethral mobilization to distal hypospadias in children

*Sentagne Luis Miguel*

**# 517.** PEDICLED DORSAL PREPITAL FLAP USE IN SNODGRASS REPAIR TO PREVENT FISTULA FORMATION

*Irfan Serdar Arda*

**# 744.** Extensive penile skin loss: unfolding of the prepuce to bridge the defect

*Luis Alberto Pascual*

**# 672.** SURGICAL APPROACH TO BURIED AND TRAPPED PENIS. TECHNICAL REFINEMENTS AND OUTCOME

*Santiago Vallasciani*

**# 822.** Technical to avoid insufficient preputial skin postcircumcision in tubular phimosis with little foreskin or sunk penis

*LUIS ALBERTO ALVARADO BUSTAMANTE*

5:30 p.m. - 6:15 p.m.

**Oral Presentation Urology: Session 5**

**Moderator:** Amarante Antonio

**Moderator:** David Diamond

**# 524.** Scrotal incision - An alternative for better cosmesis

*Sabri Nafiz Cenk Buyukunal*

**# 590.** Prescrotal access for inguino-scrotal surgery

*German Quevedo*

**# 652.** IMPALPABLE TESTIS; IS INGUINAL EXPLORATION STILL A VALID THERAPEUTIC OPTION FOR IMPAPABLE TESTIS?

*Hanan Said*

**# 387.** GnRH-analogue therapy before and after surgery in undescended testes: a prospective randomized trial

*Claudio Spinelli*

**# 301.** Is Serum FSH a sensitive indicator of predicting long-term outcomes of varicocele correction in adolescence?

*Aniruddh Deshpande*

**# 678.** Microsurgical lymphatic-sparing technique for varicocele in pediatric age.

*Fabio Ferro*

**# 302.** Does increase in testicular size after varicocele correction indicate normalisation of testicular function?

*Aniruddh Deshpande*

## TUESDAY 11<sup>th</sup>

### Pacific Room

8:30 a.m. - 10:00 a.m.

#### Round Table

##### Constipation

**Moderator:** Alberto Peña (United States)

**Secretary:** Daniel Russo (Argentina)

##### Invited Speakers

José Boix Ochoa (Spain)

John Hutson (Australia)

Paul Tam (Hong Kong)

José Luiz Martins (Brazil)

### Salón Pacífico

8:30 a.m. - 10:00 a.m.

#### Mesa Redonda

##### Constipación

**Moderador:** Alberto Peña (United States)

**Secretario:** Daniel Russo (Argentina)

##### Disertantes Invitados

José Boix Ochoa (Spain)

John Hutson (Australia)

Paul Tam (Hong Kong)

José Luiz Martins (Brazil)

10:0 a.m. - 10:30 a.m. **Coffee Break**

10:30 a.m. - 1:00 p.m.

#### State of the art Lecture

**Chairman:** Eduardo Ruiz (Argentina)

**Chairman:** Santiago Arias Cohl (Paraguay)

##### Invited Speakers

ESRD Problems - Enrique Jaureguizar

Menereo - (Spain)

Intersex - Marcela Bailez (Argentina)

Cryptorchism - John Hutson (Australia)

Bladder Exstrophy - John Gearhart (United States)

Hypospadias - Ricardo González (United States)

10:30 a.m. - 1:00 p.m.

#### Conferencias Magistrales

**Coordinador:** Eduardo Ruiz (Argentina)

**Coordinador:** Santiago Arias Cohl (Paraguay)

##### Disertantes Invitados

Problemas IRT - Enrique Jaureguizar

Menereo - (Spain)

Intersexo - Marcella Bailez (Argentina)

Criptorquidia - John Hutson (Australia)

Extrofia de vejiga - John Gearhart (United States)

Hipospadias - Ricardo González (United States)

1:00 p.m. - 2:00 p.m. **Lunch Break**

2:00 p.m. - 3:30 p.m.

#### Round Table

##### Research and Ethics in Paediatric Surgery

**Moderator:** Arnold G. Coran (United States)

**Secretary:** Rosina Pace (Argentina)

##### Invited Speakers

Juan Tovar (Spain)

Prem Puri (Ireland)

Jay Grosfeld (United States)

Hugo Vilarrodona (Argentina)

2:00 p.m. - 3:30 p.m.

#### Mesa Redonda

##### Investigacion y Etica en Cirugia Pediátrica

**Moderador:** Arnold G. Coran (United States)

**Secretario:** Rosina Pace (Argentina)

##### Disertantes Invitados

Juan Tovar (Spain)

Prem Puri (Ireland)

Jay Grosfeld (United States)

Hugo Vilarrodona (Argentina)

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 6:00 p.m.

#### Oral Presentation: Session 11

**Moderator:** Aldo Vizcaino

**Moderator:** Carlos A. H. Peterson

**# 542.** Pediatric Appendicitis Rupture Rate: Disparities Despite Universal Health Care  
*Iona Bratu*

**# 284.** Hepatic abscesses caused by appendicitis  
*M. Elena Martin*

**# 841.** ANTIBIOTIC THERAPY IN ACUTE APPENDICITIS. RANDOMIZED CONTROLLED CLINICAL STUDY

*Ricardo Dingevan*

**# 735.** Severe neutropenic enteritis: A surgical challenge

*Carlos Giuseppucci*

**# 364.** Laparoscopic subtotal splenectomy. Indications and technique in 13 pediatric patients.

*Catalin Vasilescu*

**# 493.** Recurrence after laparoscopic excision of non-parasitic splenic cysts

*Jason Fisher*

**# 731.** WANDERING SPLEEN IN CHILDREN

*Irfan Serdar Arda*

**# 260.** Early Pyloric Stenosis: A case control study

*Sherif Emil*

**# 373.** ASSOCIATION OF NOS1 POLYMORPHISMS WITH HYPERTROPHIC PYLORIC STENOSIS (IHPS) IN 45 PATIENTS.

*Alexandre Serra*

**# 456.** Laparoscopic versus open pyloromyotomy: A meta-analysis

*Oliver Muensterer*

**# 428.** LAPAROSCOPIC PYLOROMYOTOMY: COST EFFECTIVE OR PY IN THE SKY?

*Haitham Dagash*

**# 377.** UMBILICAL LAPAROTOMY IN NEW BORN.

*Patricio Soto Labra*

### Atlantic ABC Room

8:30 a.m. - 10:00 a.m.

#### Round Table

#### Chestwall Deformities

**Moderator:** Michael Hollwarth (Austria)

**Secretary:** Patricia Garrido (Argentina)

### Invited Speakers

Donald Nuss (United States)

Michael Hollwarth (Austria)

Richard Azizkhan (United States)

Eduardo Acastello (Argentina)

### Salón Atlántico ABC

8:30 a.m. - 10:00 a.m.

#### Mesa Redonda

#### Deformidades de la pared torácica

**Moderador:** Michael Hollwarth (Austria)

**Secretario:** Patricia Garrido (Argentina)

#### Disertantes Invitados

Donald Nuss (United States)

Michael Hollwarth (Austria)

Richard Azizkhan (United States)

Eduardo Acastello (Argentina)

10:00 a.m. - 10:30 a.m. **Coffee Break**

1:00 p.m. - 2:00 p.m. **Lunch Break**

### Atlantic A Room

2:00 p.m. - 3:30 p.m.

#### Oral Presentation: Session 8

**Moderator:** John Hutson

**Moderator:** Amadeo Zanotti

**# 190.** Inter-Observer Variability in the Diagnosis of Megarectum with Pelvic Ultrasound

Nikhil Pawa

**# 343.** Surgical treatment of constipation  
*Francisco Saitua*

**# 664.** Treatment of children with Chronic Constipation and Incontinence.

*Maria Yanitskaya*

**# 543.** Gastric Emptying In Children With Chronic Constipation

*Joaquim Bustorff-Silva*

**# 806.** Colonic Transit Time and Pediatric Functional Constipation: looking for the right diagnosis.

*Rodrigo Iñiguez-Ducci*

**# 451.** Intestinal motility in short bowel syndrome: Role of gastrointestinal peptides.

*Aydin Yagmurlu*

**# 248.** RELIABILITY OF NEONATAL ANORECTAL MANOMETRY FOR THE DIAGNOSIS OF HIRSCHSPRUNG'S DISEASE.

*Iñigo Tuduri*

**# 587.** Comparison of the results of botulinum toxin injection and posterior rectal myectomy in patients with ultrashort Hirschsprung's disease

*Hamid Reza Foroutan*

**# 508.** TREATMENT OF SACROCOCCYGEAL AREA TERATOMAS IN CHILDREN  
*Konstantyn Shakhov*

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 6:00 p.m.

### **Oral Presentation: Session 12**

**Moderator:** Alberto Peña

**Moderator:** Julio Cesar Ficcardi

**# 931.** New Insights into the Development of the Enteric Nervous System in the Chick Embryo Cloaca

*Anne Marie O' Donnell*

**# 290.** Study of alterations in the sacral region of rat fetuses with ethylenethiourea-induced anorectal anomaly

*Evandro Luis Cunha Oliveira*

**# 235.** The anal sphincter complex: new morphological aspects

*Barbara Ludwikowski*

**# 699.** Usefulness of Rectoanal Endosonography in Children.

*Carmen Gloria Rostion*

**# 800.** LATTER RESULTS IN SURGICAL TREATMENT OF ANORECTAL MALFORMATIONS (ARM) FROM THE LAST 20 YEARS.

*José Luiz Martins*

**# 267.** One-stage correction of intermediate and high anorectal malformations in neonates: the initial outcome

*Hieu Dao Trung*

**# 340.** Urethral diverticulum after laparoscopic-assisted anorectal pullthrough (LAARP) for anorectal malformation: is it always necessary to resect the diverticulum?

*Pedro José López*

**# 836.** Inhalation of nitrous oxide/oxygen as treatment of procedural pain in children

*Tina Holmberg*

**# 620.** INTRAOPERATIVE ULTRASOUND CONTROL OF VOLUME OF LARGE INTESTINE RESECTION IN THE PATIENTS WITH HIRSCHSPRUNG'S DISEASE.

*Igor Kirgizov*

**# 847.** Ileo- ileal patch for ultra long segment anganglionosis revisited: long term follow up.

*Carlos Reck*

**# 849.** Colonic Interposition revision and long term follow up after colonic esophagoplasty.

Report of three cases and review of literature

*Carlos Reck*

**# 278.** Staging Surgical Treatment of Hirschsprung's Disease in Children

*Stella Sitkovska*

**# 828.** HIRSCHSPRUNG'S DISEASE: TRANSANAL ENDORECTAL PULLTHROUGH

*Juan Carlos, de Agustin Asensio*

### **Atlantic B Room**

2:00 p.m. - 3:30 p.m.

### **Oral Presentation: Session 9**

**Moderator:** Paul Tam

**Moderator:** Ivan Alcoholado

**# 797.** Thyroid Cancer in children. Experience and outcome.

*Angel Blanco*

**# 236.** NODULAR GOITER AND THYROID CARCINOMA IN CHILDREN AND ADOLESCENTS- DIAGNOSIS AND SURGICAL MANAGEMENT

*Jerzy Harasymczuk*

**# 380.** Low-risk differentiated thyroid carcinoma in children and adolescents: the beginning of conservative treatment  
*Claudio Spinelli*

**# 604.** Prophylactic thyroidectomy in Children. A reference center experience  
*Daniel Hernán Liberto*

**# 215.** Ileocolic intussusception : how to recognize or exclude bowel compromise  
*Dominique Forgues*

**# 633.** PARATHYROIDECTOMY IN CHILDREN WITH SECONDARY HYPERPARATHYROIDISM  
*Irfan Serdar Arda*

**# 206.** Intussusception: Eight year review of the imaging and management  
*Asher Aziz*

**# 249.** Intussusception in Africa: The results of on-table air reduction in the operating room  
*Larry (G.P.) Hadley*

**# 588.** Retrospective study of intussusception management.  
*Javier Lerena*

**# 665.** Have the causes and clinical manifestation of intussusception in children changed?  
*Maria Yanitskaya*

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 6:00 p.m.

**Oral Presentation. Session 13**

**Moderator:** Luis Margaride

**Moderator:** Galicia Montecinos

**# 299.** A DANCING GRAFT CONCEPT ( DGC ) - ADVANTAGES OF OUR NEW ORIGINAL SURGICAL TECHNIQUE IN PEDIATRIC BURNS  
*Kljenak Antun*

**# 298.** OUR FRC (FAST RECOVERING CONCEPT ) - A NEW AGE OF SURGICAL TREATMENT OF EXTENSIVE DEEP PAEDIATRIC BURNS  
*Kljenak Antun*

**# 198.** UTILITY OF SURAL FLAP FOR

COVERAGE OF DEFECTS IN THE LEG AND THE FOOT IN THE OF EMERGENCIES PEDIATRICS HOSPITAL  
*Javier Pascual*

**# 199.** Liposuction and open surgery of large lipomas in children: Results of long term follow up  
*Baran Tokar*

**# 423.** TISSUE DEFECTS IN CHILDREN. SIMPLY VAC IT AND FOAM IT ?  
*Fette Andreas*

**# 525.** THE DERMAL REGENERATION TEMPLATE IN THE TREATMENT OF TRAUMA AND CONGENITAL MALFORMATIONS IN CHILDREN  
*Mauricio Pereira*

**382.** Three-dimensional Organotypic Culture of Vaginalis-Peritonei-Duct and expansion of Human Mesothelial Progenitor Cells.Potential application in pediatric surgery.  
*Claudio Spinelli*

**# 196.** Can labial clefts still be operated during the neonatal period in all security? Criteria for operability and a decision-making protocol.  
*Galinier Philippe*

**# 540.** Velopharyngeal sufficiency and lengthening of the soft palate  
*Galicia Montecinos*

**# 597.** Surgical treatment of Submucous Cleft with Furlow baires  
*Claudia Vidal*

**# 812.** Prenatal and neonatal management in cleft lip and palate. Anatomic reconstruction and functional rehabilitation. 32-years follow-up.  
*Dulce Maria Fonseca Soares Martins*

**# 814.** Bilateral cleft lip and palate: treatment in newborns. A long term follow-up.  
*Dulce Maria Fonseca Soares Martins*

**# 324.** Palate Tumors in Children  
*Lucas Krauel*

**# 772.** Absorbable or non-absorbable sutures in growing vessels anastomoses? Experimental Study in Lambs.  
*Edurne Ormaechea*

# 658. HGF suppresses the production of extracellular matrix induced by TGF- $\beta$ 1 in flexor tendon sheath fibroblast  
*Dapeng Jiang*

### Atlantic C Room

2:00 p.m. - 3:30 p.m.

**Oral Presentation: Session 10**

**Moderator:** Steven Fishman

**Moderator:** José Luis Cuervo

# 865. OK-432 Percutaneous Sclerotherapy in childhood lymphangioma with ultrasound guidance.

*Carlos Juambeltz*

# 885. Treatment of lymphangiomas with OK-432. Ten year experience.

*Alejandro Zavala*

# 216. THERAPY OF HEAD AND NECK LYMPHANGIOMAS IN CHILDREN

*Mircia-aurel Ardelean*

# 250. INTRALESIONAL BLEOMYCIN INFILTRATION (IBI) FOR MANAGEMENT OF HAEMANGIOMAS AND VASCULAR MALFORMATIONS (H+VM). A 12 YEAR EXPERIENCE

*Gabriel Ionescu*

# 619. THE WAY OF THE CREATION OF THE PERTHES DISEASE AN EXPERIMENTAL MODEL

*Igor Kirgizov*

# 736. Pulmonary Hydatid Cysts - A Retrospective study

*Sebastian Ionescu*

# 245. Prepubertal Contralateral Testicular Morphological Damage in Young Rats after Inguinotomy with Vascular Lesion

*Marcelo Stegani*

# 933. Postpubertal Contralateral Testicular Morphological Damage in Young Rats after Inguinotomy with Vascular Lesion

*Marcelo Stegani*

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 6:00 p.m.

**Oral Presentation: Session 14**

**Moderator:** Juan Tovar

**Moderator:** Ricardo Casella

# 258. The study of non acid gastroesophageal reflux with the 24 hour Multichannel Intraluminal Impedance-ph probe in children with different clinical presentations.

*Marina Orsi*

#573. Absence of relation between esophageal dysfunction with or without GER and recurrent respiratory illnesses in EA and TEF

*Fernando Herrera*

# 862. LAPAROSCOPIC NISSEN FUNDOPLICATION IN PEDIATRIC PATIENTS

*Lucio Tedesco Marchese*

# 866. Nissen Fundoplication: Evaluation of 159 patients

*Silvia Takeda*

# 262. Laparoscopic Nissen Fundoplication in Children with Indwelling Ventriculoperitoneal Shunts

*Donald Liu*

# 314. Simplified Open Nissen Fundoplication in Children

*Meghan Arnold*

# 578. Percutaneous Endoscopic Gastrostomy . What have we learned

*Miguel Guelfand*

# 458. LAPAROSCOPIC HELLER MYOTOMY WITH TOUPET FUNDOPLICATION FOR ACHALASIA

*Aydin Yagmurlu*

# 739. Laparoscopic Heller-Dor procedure for achalasia in children

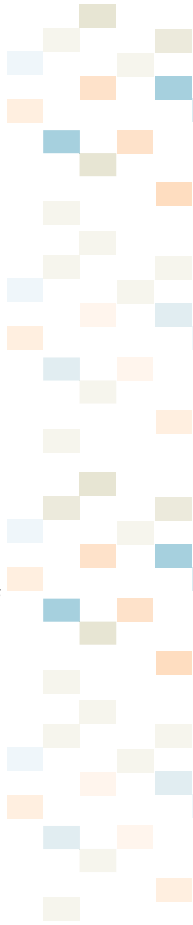

*Carlos Giuseppucci*

# 621. Time of insertion of peripherally inserted central catheter (PICC): critical evaluation

*Adriana Pereira*

# 781. Internal Mammary and Subclavian artery injury following central vein catheterization

*Francisco de Badiola*

**# 755. FACIAL VENOUS ACCESS IN LOW BIRTH-WEIGHT PREMATURE INFANTS**

*David Melgoza*

**# 551. ULTRASOUND GUIDED PERIPHERAL INTRAVENOUS CATHETER INSERTION VERSUS STANDARD TECHNIQUE PERFORMED BY PEDIATRIC NURSES**

*Ariane Ferreira Machado*

### Buen Ayre AB Room

*8:30 a.m. - 10:00 a.m.*

#### Round Table

##### Abdominal Trauma

**Moderator:** Jorge Fiorentino (Argentina)

**Secretary:** Gomez Traverso (Argentina)

##### Panel

Nelson Iglesias (Argentina)

Alberto Fontana (Argentina)

João Bassols (Brazil)

Fernando Huayer (Argentina)

### Salón Buen Ayre AB

*8:30 a.m. - 10:00 a.m.*

#### Mesa Redonda

##### Traumatismo de Abdomen

**Moderador:** Jorge Fiorentino (Argentina)

**Secretario:** Gomez Traverso (Argentina)

##### Panelistas

Nelson Iglesias (Argentina)

Alberto Fontana (Argentina)

João Bassols (Brazil)

Fernando Huayer (Argentina)

*10:00 a.m. - 10:30 a.m. Coffee Break*

*10:30 a.m. - 11:00 a.m.*

**Conference: Perspectives to approach to trauma in Argentina**

**Chairman:** Gerardo Boscarino (Argentina)

##### Speaker

Alberto Iñón (Argentina)

*10:30 a.m. - 11:00 a.m.*

**Conferencia: Perspectivas del manejo del trauma en la Argentina**

**Coordinador:** Gerardo Boscarino (Argentina)

##### Disertante

Alberto Iñón (Argentina)

*11:00 a.m. - 12:30 p.m.*

#### Round Table

##### Thoracic Trauma

**Moderator:** Gerardo Boscarino (Argentina)

**Secretary:** Horacio Bonavia (Argentina)

##### Panel

Carlos Carauñi (Argentina)

Victor Defago (Argentina)

Carlos Gandara (Brazil)

Marcelo Barrenechea (Argentina)

*11:00 a.m. - 12:30 p.m.*

#### Mesa Redonda

##### Traumatismo de Torax

**Moderador:** Gerardo Boscarino (Argentina)

**Secretario:** Horacio Bonavia (Argentina)

##### Panelistas

Carlos Carauñi (Argentina)

Victor Defago (Argentina)

Carlos Gandara (Brazil)

Marcelo Barrenechea (Argentina)

*12:30 p.m. - 13:00 p.m.*

#### Oral Presentation: Trauma Session

**Moderator:** Daniel Carauñi

**166.** Evaluation of early and late surgery of supracondylar fractures of humerus in children

*EBRAHIM GHAYEM HASSANKHANI*

**421.** ON AWARENESS AND PREPAREDNESS FOR A DISASTER AT THE CHILDREN'S HOSPITAL LUCERNE IN PERSPECTIVE OF A PUBLIC CHILD INJURY PREVENTION CAMPAIGN

*Fette Andreas*

**467.** Perineal Trauma in Children: A Standardized Simple Therapeutic Approach

*Essam Elhalaby*

**227.** RENAL TUMOR AND TRAUMA: A  
PITFALL FOR CONSERVATIVE MANAGEMENT  
*Rodrigo Ribeiro*

1:00 p.m. - 2:00 p.m. **Lunch Break**

2:00 p.m. - 3:30 p.m.

**Poster Presentation: Session 1**

**Chairman:** Hugo Arza

**Secretary:** Gaston Elmo

**# 758.** Malone antegrade continence  
enema and their complications  
*Eduarne Ormaechea*

**# 316.** NUTRITIONAL IMPROVEMENT  
FOLLOWING THE LAPAROSCOPIC  
INSERTION OF A BUTTON COLOSTOMY AS  
A VENTING STOMA AND ACCESS PORT  
FOR THE ADMINISTRATION OF ANTEGRADE  
ENEMAS IN AFRICAN DEGENERATIVE  
LEIOMYOPATHY.

*Colin Lazarus*

**# 312.** A segmental rectosigmoidal ectasia  
presenting as a giant abdominal cyst  
*Baran Tokar*

**# 473.** Laparoscopic Extra Mucosal Colon  
Biopsies in Motility Disorders  
*Cornelia van Tuijl*

**# 464.** EXPERIENCE WITH VIDEO  
ASSISTED THORACOSCOPIC SURGERY IN A  
PEDIATRIC EMERGENCY HOSPITAL FROM  
LIMA-PERU 2004 -2007

*LUIS ORTEGA*

**# 852.** IMPORTANCE OF TESTICULAR BIOPSY  
IN PATIENTS WITH CRYPTORCHIDISM  
*Dragana Zivkovic*

**# 599.** Gyant thymolipoma: a case report  
*Enrique Villamizar*

**# 892.** BILATERAL TESTICULAR  
MICROLITIASIS: HOW TO PROCEED WITH  
ITS FOLLOW UP?

*Adriana Cartafina Perez-Bóscollo*

**# 336.** IS THERE A GOLD STANDARD  
APPROACH FOR NONPALPABLE TESTES?  
*Pedro José López*

**# 833.** Neovagina with labia minora flaps  
*Luis Zuccardi*

**# 596.** CYST OF REMNANTS OF  
MÜLLERIAN DUCTS IN THE SCROTUM:  
A RARE MANIFESTATION  
*Fabiana Zangiacomo Silva*

**# 784.** HERLYN-WERNER-WUNDERLICH  
SYNDROME.

*Luciano Silveira Onofre*

**# 470.** Presternal giant epidermal cyst :  
report on 2 cases

*Hamzaoui Mourad*

**# 854.** Chest Wall Tumors and wide  
resections

*Patricia Garrido*

**# 471.** Primary subcutaneous hydatid cyst  
of the chest : an unusual localisation  
*Hamzaoui Mourad*

**# 864.** RETRACTION OF THE Forskin AND  
LIBERATION OF ADHESIONS IN CHILDREN  
of LIMA

*JAGDEV HARRY SUAREZ ANCO*

**# 432.** Left Pulmonary Aplasia. A Case Report.  
*Gianfranco Pizzutto*

**# 646.** BRONCHOGENIC CYST REMOVED  
BY VIDEO THORACOSCOPY IN CHILDREN  
*Eduardo Costa*

**# 280.** Cystic Duplication of the Esophagus.  
Thoracoscopic resection.

*JULIO JUSTO BAEZ*

**# 606.** BLOOD PERFUSION CHANGE AND  
IMMUNE STATUS STATE IN CHILDREN WITH  
CHRONIC LARGE INTESTINE STASIS

*Igor Kirgizov*

**# 694.** TESTICULAR PROBLEMS RELATED TO  
INGUINAL HERNIA IN PREMATURE NEWBORNS  
*Irfan Serdar Arda*

4:00 p.m. - 6:00 p.m.

**Video Presentations: Session 2**

**Moderator:** Hector Caballero

**Moderator:** Sepulveda José A.

**# 406.** DE LA TORRE MONDRAGON  
TECHNIQUE USING SURG ASSIST SYSTEM  
*Carlos Gutiérrez*

**# 333. LAPAROSCOPIC SIGMOIDECTOMY FOR IDIOPATHIC MEGACOLON IN CHILDREN**

*Juan Pablo Valdívieso*

**# 457. LAPAROSCOPIC SIGMOID VAGINOPLASTY**

*Aydin Yagmurlu*

**# 753.** Abdominoperineal laparoscopic descent combined with video cystoscopy and electrostimulated perineal surface electromyography: Report of a case  
*Martin Alarcon*

**# 362. SAFE SURGERY IN ABDOMINAL CYSTIC MASSES**

*Israel Fernandez-Pined*

**# 648. LAPAROSCOPIC MYOTOMY IN CHILDREN WITH ESOPHAGEAL ACHALASIA**  
*Eduardo Costa*

**# 437. LAPAROSCOPIC HELLER MYOTOMY WITH DOR FUNDOPLICATION AS AN INITIAL TREATMENT FOR ACHALASIA IN CHILDREN**  
*Julio Justo Baez*

**# 465.** Endoscopic Treatment of GERD  
*Elena Portela Casalod*

**# 383. STERNAL TRACTION AND EXTRAPLEURAL DISSECTION OF PECTUS EXCAVATUM.**

*Carlos Gutiérrez*

**# 384.** Thoracoplasty with Lactosorb in Pectus Carinatum and other thoracic anomalies.

*Carlos Gutiérrez*

**Buen Ayre C Room**

*8:00 a.m. - 9:30 a.m.*

**Round Table: Sociedad Iberoamericana de Urología Pediátrica.**

**Posterior Urethral Valves**

**Moderator:** Ricardo Zubieta (Chile)

**Secretary:** Edurne Ormaechea (Argentina)

**Invited Speakers**

Enrique Jaureguizar (Spain)

José Miguel Vega Perugorria (Argentina)

Francisco de Badiola (Argentina)

Ricardo González (United States)

**Salón Buen Ayre C**

*8:00 a.m. - 9:30 a.m.*

**Mesa Redonda de la Sociedad Iberoamericana de Urología Pediátrica**

**Valvas de Uretra Posterior**

**Moderador:** Ricardo Zubieta (Chile)

**Secretaria:** Edurne Ormaechea (Argentina)

**Disertantes Invitados**

Enrique Jaureguizar (Spain)

José Miguel Vega Perugorria (Argentina)

Francisco de Badiola (Argentina)

Ricardo González (United States)

*9:30 a.m. - 10:00 a.m.*

**Oral Presentation Urology: Session 6**

**Moderator:** Jorge Cafaratti

**Moderator:** Germán Falke

**# 425.** The concentration of myelinated nerve fibers in Prune Belly bladder wall through immunohistochemistry  
*Edison Schneider-Monteiro*

**# 455.** Reappraisal of the vascular theory in the etiology of hypospadias: Preputial VEGF mRNA expression  
*Aydin Yagmurlu*

**# 631.** The Effects of Local and Sustained Release of Fibroblast Growth Factor, Insulin Like Growth Factor and Growth Hormone on germ cell population in an experimental unilateral undescended testis model  
*Meltem Bingol-Kologlu*

**# 285.** Effects of augmentation cystoplasty on bladder contractility  
*Meltem Bingol-Kologlu*

*10:00 a.m. - 10:30 a.m. Coffee Break*

*1:00 p.m. -2:00 p.m. Lunch Break*

*2:00 p.m. - 3:30 p.m.*

**Round Table**

**Disorder of Sexual Development**

**Moderator:** David Diamond (United States)

**Secretary:** Angelica Pauls (Chile)

**Invited speakers**

Paddy Dewan (Australia)

Rafael Gosalbez (United States)  
David Diamond (United States)  
João Pippi Salle (Canada)

2:00 p.m. - 3:30 p.m.

### **Mesa Redonda**

#### **Anomalías del Desarrollo Sexual**

**Moderador:** David Diamond (United States)

**Secretario:** Angélica Pauls (Chile)

#### **Disertantes Invitados**

Paddy Dewan (Australia)  
Rafael Gosalbez (United States)  
David Diamond (United States)  
João Pippi Salle (Canada)

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 4:50 p.m.

#### **Oral Presentation Urology: Session 7**

**Moderador:** Jaureguizar Enrique

**Moderador:** Denes Enrique

**# 807.** Kidney Transplant in a pediatric hospital: Experience and Outcome  
*Rodrigo Iñiguez-Ducci*

**# 837.** Renal Transplant in Childhood  
*Alejandro Sosa*

**# 504.** RENAL TRANSPLANTATION WITH LIVE RELATED DONORS IN CHILDREN AND ADOLESCENTS WITH SEVERE DYSFUNCTIONAL BLADDERS  
*EDUARDO RUIZ*

**# 738.** URETERAL REPLACEMENT WITH APPENDIX IN PEDIATRIC RENAL TRANSPLANTATION  
*Juan Carlos Lopez*

**# 481.** IS BLADDER AUGMENTATION IN A RENAL TRANSPLANT PROGRAM A SAFE PROCEDURE?

*Ricardo Zubieta*

**# 733.** Renal transplant in children with severely altered bladders  
*Jorge Ismael Rodríguez Herrera*

**# 839.** PEDIATRIC RENAL TRANSPLANTATION: Influence of age between donor and recipient in graft survival  
*Alejandro Sosa*

5:00 p.m. - 5:40 p.m.

#### **Oral Presentation Urology: Session 8**

**Moderador:** John Brock

**Moderador:** Escala Juan Manuel

**# 860.** SEXUAL ASPECTS OF PATIENTS WITH SPINA BIFIDA AND CLEAN INTERMITTENT CATHETERIZATION

*Carlos Miguelez*

**# 788.** GASTROCISTOPLASTY LONG TERM RESULTS

*Miguel Castellan*

**# 754.** Enteral mucosa re-growth and other complications in patients under long-term follow-up with demucosalized sigmoideocystoplasties with argon beam  
*Edurne Ormaechea*

**# 583.** Augmentation Cystoplasty in children without mechanical bowel preparation  
*Victor Duran*

**# 496.** Bladder Augmentation: Experience of a Pediatric hospital

*Hugo Becar Pardo*

**# 634.** PRE AND POSTOPERATIVE NURSE CARE AFTER ENTEROCYSTOPLASTY AND ARTIFICIAL SPHINCTER IMPLANTATION  
*Rosa Maria Carmona Jimenez*

5:50 p.m. - 6:30 p.m.

#### **Oral Presentation Urology: Session 9**

**Moderador:** Gosalbez Rafael

**Moderador:** Duran Victor

**# 922.** Continent Urinary Diversions: 16-years experience at Hospital Infantil Joana de Gusmao  
*Edevard Araujo*

**# 337.** IS THE INTRAVESICAL APPROACH FOR BLADDER NECK CLOSURE THE BEST OPTION FOR INCONTINENCE?

*Ricardo Zubieta*

**# 688.** Urodynamically defined megabladder related to renal damage and voiding dysfunction: Alfa-blockers treatment.

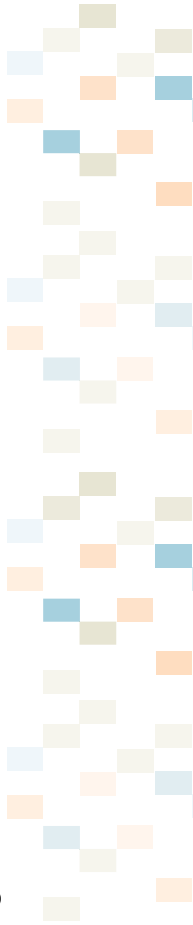

*JOSE MIGUEL VEGA-PERUGORRÍA*

**# 209.** Indications and results of Botulinum-A Toxin Detrusor injection in children with acquired neurological bladders with clean intermittent catheterisation.

*Luke Harper*

**# 556.** Botulin-A Toxin Detrusor injection in the treatment of detrusor hyperreflexia secondary to bladder dysfunction in children

*ROSA M ROMER*

## WEDNESDAY 12<sup>TH</sup>

### Pacific Room

8:30 a.m. - 10:00 a.m.

#### Round Table

#### Anorectal Malformations

**Moderator:** Mario Varela (Chile)

**Secretary:** Juan Martorelli (Argentina)

#### Invited Speakers

Alberto Peña (United States)

Fernando Heinen (Argentina)

Keith Georgeson (England)

Risto Rintala (Finland)

### Salón Pacífico

8:30 a.m. - 10:00 a.m.

#### Mesa Redonda

#### Malformaciones Anorectales

**Moderador:** Mario Varela (Chile)

**Secretario:** Juan Martorelli (Argentina)

#### Disertantes Invitados

Alberto Peña (United States)

Fernando Heinen (Argentina)

Keith Georgeson (England)

Risto Rintala (Finland)

10:00 a.m. - 10:30 a.m. **Coffee Break**

10:30 a.m. - 1:00 p.m.

#### State of the Art Lecture

**Chairman:** José Pinus (Brazil)

**Chairman:** Fernando Heinen (Argentina)

#### Invited Speakers

Airway Surgery - Richard Azizkhan (United States)

Vascular Malformations - Steve Fishman (United States)

Aids in Children: Surgical Aspects - Heinz Rode (South Africa)

Fetal Surgery - Timothy Crombleholme (United States)

Esophageal Replacement - Alaa Hamza (Egypt)

10:30 a.m. - 1:00 p.m.

#### Conferencias Magistrales

**Coordinador:** José Pinus (Brazil)

**Coordinador:** Fernando Heinen (Argentina)

#### Disertantes Invitados

Cirugía de la Vía Aérea - Richard Azizkhan (United States)

Malformaciones Vasculares - Steve Fishman (United States)

SIDA en Niños: Aspectos Quirúrgicos - Heinz Rode (South Africa)

Cirugía del Feto - Timothy Crombleholme (United States)

Reemplazo de Esófago - Alaa Hamza (Egypt)

1:00 p.m. - 2:00 p.m. **Lunch Break**

2:00 p.m. - 3:30 p.m.

#### Posters Presentations: Session 2

**Chairman:** Jose Roberto de Souza Baratella

**Secretary:** Alberto Daniel Giambini

**# 361.** Multiple jejunal atresia with apple peel syndrome

*Farmakis Konstantinos*

**# 701.** Surgical anomalies with assisted reproductive technologies-An experience of a private pediatric surgery institution

*Ebru Yesildag*

**# 321.** Conservative treatment in Neonatal early Dumping Syndrome after spontaneous perforation of the stomach and gastrectomy. A case report.

*Patino Mayer Jan*

**# 369.** Abdominal Cavity - View Through the Keyhole or Circumbilical Incision for Wide Spectrum of Congenital Abdominal Pathology in Neonates

*Yury Kozlov*

**# 454.** Deciding factors for mortality in children with congenital defects of the abdominal wall.

*Maria Yanitskaya*

**# 709.** GASTROSCHISIS - POSTOPERATIVE RESULTS

*Alexander Dobrowolski*

**# 792.** Gastroschisis: Experience in the last 7 years at Dr. Luis Clavo Mackenna Childrens hospital.

*Ximena Recabal*

**# 293.** MULTIDIRECTIONAL AND SIMULTANEOUS EVALUATION OF INTESTINAL DAMAGE IN CHICK EMBRYO WITH GASTROSCHISIS

*GUNGOR KARAGUZEL*

**# 358.** True left-sided gastroschisis: a case report and literature review

*Karin Schultz*

**# 861.** Gastroschisis: cases series

*JOAO VICENTE BASSOLS*

**# 703.** RESECTION OF PROSTATIC RHABDOMYOSARCOMA BY POSTERIOR TRANSRECTAL SAGITTAL APPROACH

*Andrea Bischoff*

DISCUSSION

**# 728.** INVITRO FERTILIZATION AND NEONATAL TUMORS: A CASE OF MESOBLASTIC NEPHROMA RICH FROM MITOSIS

*Irfan Serdar Arda*

**# 363.** Pediatric Gastrointestinal stromal tumors (GISTs) arising from the stomach: a report of two cases and review of previous 63 cases

*Michele Ilari*

**# 498.** Laparoscopic urinary tract surgery in infants weighing 6 kg or less

*Amos Neheman*

**# 537.** Pediatric Laparoscopic Surgery. Our experience in Hospital of median complexity.

*ARMANDO REQUE GARCIA*

**# 472.** A BIOMATRIX (TACHOSYL) FOR HEMOSTASIS IN CHILDREN

*Marc Wijnen*

**# 519.** INTRAABDOMINAL COMPLICATIONS IN CHILDREN WITH CONGENITAL CARDIAC ANOMALIES

*Irfan Serdar Arda*

**# 695.** PREPUBIC SINUS. REPORT OF TWO CASES

*Andrea Bischoff*

**# 593.** PANCREATIC TRAUMA IN CHILDREN

*Mauro Basso*

**# 896.** COMPARATIVE ANATO-PATHOLOGICAL STUDY BETWEEN CHAGASIC MEGACOLON, CONGENITAL HYPOGANGLIONOSIS, CONGENITAL MEGACOLON and NEURONAL INTESTINAL DYSPLASIA TYPE B

*Adriana Cartafina Perez-Bóscollo*

3:30 p.m. - 4:00 p.m. **Coffee Break**

4:00 p.m. - 6:00 p.m.

**Oral Presentation: Session 17**

**Moderator:** Richard Azizkhan

**Moderator:** Victor Defago

**# 282.** Management of acquired subglottic stenosis secondary to prolonged intubation: a single center experience.

*Joao Gilberto Maksoud-Filho*

**# 182.** Surgery in children with severe subglottic and tracheal stenosis

*Mario Gonzalez Palafox eagleray*

DISCUSSION

**# 898.** Acquired and Congenital airway stenosis: 10 years experience.

*Patricio Varela*

**# 906.** Congenital Tracheal Stenosis.

A Great Challenge.

*Patricio Varela*

**# 546.** SUBGLOTTIC STENOSIS IN PEDIATRIC PATIENTS . A NEW FIELD FOR PEDIATRIC GENERAL SURGEONS?

*Victor Hugo Defagó*

**# 749.** UPPER AIRWAY EXPERIMENTAL SURGERY: TWO RECONSTRUCTION APPROACHES IN AN ANIMAL MODEL.

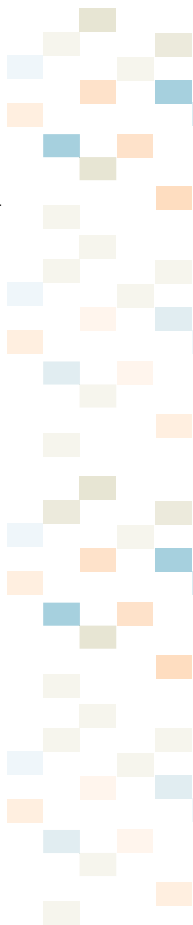

*Sergio Zúñiga*

*Sergio Zúñiga*

**# 750.** PEDIATRIC CONGENITAL BRONCHOPULMONARY MALFORMATIONS: 17-YEARS EXPERIENCE IN A UNIVERSITY CENTER.

*Sergio Zúñiga*

**# 243.** Evaluation of Lung Pathology in an Experimental Model of Tracheal Foreign Body

*Bilge Karabulut*

**# 218.** Airway Management of Epidermolysis Bullosa

*Maja Karaman*

**# 295.** OUR ZSRP TECHNIQUE: PROGRESS IN SURGICAL RECONSTRUCTIVE PROCEDURE OF THE HANDS IN PATIENTS AFFECTED BY EPIDERMOLYSIS BULLOSA

*Kljenak Antun*

**# 297.** MULTIPLE ADVANTAGE OF PRST - OUR ORIGINAL NO -SCARRING SKIN GRAFTING TECHNIQUE

*Kljenak Antun*

**# 656.** VASCULAR RING MANAGEMENT IN CHILDREN - IS IT NECESSARY TO DO A BRONCHOSCOPY?

*Jose Carlos Fraga*

**654.** Surgical management of chylothorax: 10 year experience in two centers

*Pablo Lobos*

### Atlantic AB Room

*8:30 a.m. - 10:00 a.m.*

#### Round Table

#### Liver Transplantation

**Moderator:** João Gilberto Macksoud (Brazil)

**Secretary:** Fabian Salgueiro (Argentina)

#### Invited Speakers

Alastair Millar (England)

Stephen Dunn (United States)

Guillermo Cervio (Argentina)

Jorge Godoy (Chile)

### Salón Atlántico AB

*8:30 a.m. - 10:00 a.m.*

#### Mesa Redonda

#### Transplante Hepático

**Moderador:** João Gilberto Macksoud (Brazil)

**Secretario:** Fabian Salgueiro (Argentina)

#### Disertantes Invitados

Alastair Millar (England)

Stephen Dunn (United States)

Guillermo Cervio (Argentina)

Jorge Godoy (Chile)

*10:00 a.m. - 10:30 a.m.* **Coffee Break**

*1:00 p.m. - 2:00 p.m.* **Lunch Break**

### Atlantic A Room

*2:00 p.m. - 3:30 p.m.*

#### Oral Presentation: Session 15

**Moderator:** Steve Fishman

**Moderator:** Hugo Gomez di Maio

**# 450.** Lymphovascular Malformation in children How to deal with it

*Waldschmidt Ulrike*

**# 448.** Experience with hemangiomas of the larynx and trachea in 56 children

*Waldschmidt Ulrike*

**# 371.** Serum levels of VEGF and bFGF in children with hemangiomas and vascular malformations. A preliminary report

*Przemyslaw Przewrati*

**# 793.** Hemangiomas and Vascular Malformations of head and neck in children :Roll of the Plastic Surgeon

*Carlos Giugliano*

**# 509.** Facial neuronal tumors: a rare congenital malformation

*Maria Victoria Romanini*

**# 779.** Prognostic score for osteosarcoma with pulmonary metastases: A proposal.

*César Benmaor*

**# 787.** Peutz-Jeghers syndrome polyposis: Benefits of the "clean sweep" procedure

*Pablo Lobos*

*3:30 p.m. - 4:00 p.m.* **Coffee Break**

*4:00 p.m. - 6:00 p.m.*

#### Oral Presentation: Session 18

**Moderator:** Marcelo Barrenechea

**Moderator:** Alaa Hamza

**# 863.** Pneumonectomy in pediatric patients: 17 year of experience  
*Patricia Garrido*

**# 765.** Utility of Thoracic Drainage in Persistent Ductus Arteriosus Surgery in Children  
*Luis Fernando Kieffer Escobar*

**# 645.** Perinatal management of congenital chylothorax complicated with hydrops fetalis  
*Pablo Lobos*

**# 263.** Apoptosis in lung transplantation. Influence of organ cold irrigation and blood reperfusion  
*Mariano Boglione*

**# 625.** Caustic Esophageal Burns. A Current problem in Mexico  
*Rafael Valdez Borro*

**# 915.** A 15 YEAR EXPERIENCE WITH CONSERVATIVE TREATMENT IN ESOPHAGEAL CAUSTIC BURNS.  
*Homero Lembo*

**# 856.** The effect of local corticosteroid injection in the treatment of caustic esophageal burns  
*Keskin Erbug*

**# 876.** Esophageal replacement in children. Ten year experience  
*Paul Esteban Astudillo Neira*

**# 419.** Laparoscopic Esophageal Substitution in Children with Transhiatal Gastric Transposition  
*Francisco Javier Mejía Sarasti*

**# 433.** LEFT COLON ESOPHAGEAL REPLACEMENT USING THE MAKSOUD'S TECHNIQUE  
*Alejo Javier Arias*

**# 554.** Long-gap oesophageal atresia (LGOA): Six patients treated with primary gastric tube  
*Juan Carlos Pattillo*

**# 751.** CURRENT SURGICAL MANAGEMENT OF ESOPHAGEAL ATRESIA NO CLAMPING TECHNIQUE AN EXCELLENT WAY TO AVOID FISTULAS  
*David Melgoza*

**# 251.** PEDIATRIC GASTRIC TUBE ESOPHAGEAL REPLACEMENT: LONG TERM

RESULTS. AN ADULTHOOD PERSPECTIVE

*Gabriel Ionescus*

**# 726.** A VERY RARE TYPE OF ESOPHAGEAL ATRESIA: ISOLATED MEMBRANOUS ATRESIA  
*Irfan Serdar Arda*

**# 924.** Use of Deflux to treat babies with H type of TEF

*Devendra Gupta*

## Atlantic B Room

2:00 p.m. - 3:30 p.m.

**Oral Presentation: Session 16**

**Moderator:** Heinz Rode

**Moderator:** Oscar Acha

**# 685.** Gallstone pancreatitis: An increased disease in children?

*Gabriela Ambriz-González*

**# 916.** Complications in acute pancreatitis in childhood

*Gabriela Ambriz-González*

**# 210.** Idiopathic Fibrosing pancreatitis: conservative treatment.

*Luke Harper*

**# 878.** Persistent hyperinsulinemic hypoglycemia of infancy in 4 childrens.

Experience The BACA ORTIZ Childrens Hospital.

*Paul Esteban Astudillo Neira*

**# 923.** SURGICAL TREATMENT OF PERSISTENT HYPOGLYCEMIA DUE CONGENITAL HYPERINSULINISM. EXPERIENCE OF 15 CASES.  
*Jorge caffaratti*

**# 624.** FOLLOW UP IN PATIENT OPERATED ON FOR ISLETS CELLS DYSPLASIA

*Oscar Luis Acha*

**# 821.** Goldstein Test evidenced the real incidence of bilaterality in inguinal hernias.

*Cook Long Huang Li*

**# 816.** A new and simple technique for pediatric umbilical hernias.

*Cook Long Huang Li*

**# 835.** ROUTINE CONTRALATERAL INGUINAL HERNIA EXPLORATION IS NOT JUSTIFIED: A METHA-ANALYSIS STUDY

*Juan Carlos de Agustin Asensio*

3:30 p.m. - 4:00 p.m. **Coffee Break**

### Atlantic C Room

8:00 a.m. - 9:30 a.m.

#### Round Table

#### Laparoscopic surgery in Pediatric Urology

**Moderator:** Francisco Ossandón (Chile)

**Secretary:** Cesar Benmaor (Argentina)

#### Invited Speakers:

Francisco Denes (Brazil)

Juan Moldes (Argentina)

Anthony Caldamone (United States)

Armando Lorenzo (Canada)

### Salón Atlántico C

8:00 a.m. - 9:30 a.m.

#### Mesa Redonda

#### Cirugía Laparoscópica en Urología Pediátrica

**Moderador:** Francisco Ossandón (Chile)

**Secretario:** Cesar Benmaor (Argentina)

#### Disertantes Invitados:

Francisco Denes (Brazil)

Juan Moldes (Argentina)

Anthony Caldamone (United States)

Armando Lorenzo (Canada)

9:30 a.m. - 10:00 a.m.

#### Oral Presentation Urology: Session 10

**Moderator:** Fabio Ferro

**Moderator:** Nuncio De Chiara

**# 572.** Testicular torsion: a comparative analysis between two different procedures.

*Edevard Araujo*

**# 886.** Acute Scrotum. Experience San Camilos and Luis Calvo Mackennas Hospital - Chile.

*MARIO AGUSTIN VARELA GANA*

**# 918.** Prosthetic Testicular Implant in infancy and adolescence - Importance  
*Luis Eduardo Perez Billi*

**# 675.** Testis sparing surgery of testicular tumors in pediatric age

*Alessandro Borsellino*

**# 506.** Testicular Teratoma. Conservative Surgery  
*German Falke*

10:00 a.m. - 10:30 a.m. **Coffee Break**

10:40 a.m. - 11:40 a.m.

#### Oral Presentation Urology: Session 11

**Moderator:** Miguel Castellan

**Moderator:** Pedro José Lopez

**# 825.** Pediatric Laparoscopic Urology in children below one year of age

*Fuchs Joerg*

**# 212.** Laparoscopic pyeloplasty in children: the new gold standard?

*Fabio Vicentini*

**# 497.** Laparoscopic urinary tract reconstruction in infants weighing 10 kg or less

*Amos Neheman*

**# 557.** IS AGE A LIMIT FOR ENDOUROLOGIC TREATMENT OF URETEROPELVIC JUNCTION OBSTRUCTION?  
*SUSANA RIVAS*

**# 544.** MULTIVARIABLE ANALYSIS OF RISK FACTORS FOR RECURRENT URETEROPELVIC JUNCTION OBSTRUCTION IN 401 CONSECUTIVE CHILDREN

*Luis Braga*

**# 205.** Bacteriuria in pyeloplasty with external drainage tube.

*Martin Palacio*

11:40 a.m. - 12:10 p.m.

#### Oral Presentation Urology: Session 12

**Moderator:** Armando Lorenzo

**Moderator:** Francisco Ossandon

**# 424.** Laparoscopic renal surgery in infants and children: is it a safe and advantageous procedure for all pediatric age groups (results after 144 cases)?

*Francisco Tibor-Denes*

# 165. COMPLICATIONS IN PEDIATRIC RENAL LAPAROSCOPIC SURGERY.

*Alberto Perez-Lanzac*

# 281. Comparative Study on Laparoscopic Nephrectomy in children: trans vs. retro-peritoneal approach.

*JULIO JUSTO BAEZ*

# 661. Laparoscopic adrenalectomy in children. A safe and effective procedure.

*Marcelo Mauricio Urquizo Lino*

#438. Laparoscopy in the management of clinically diagnosed noncommunicating hydrocele in children.

*Lyudmila Proklova*

*12:10 p.m. - 1:00 p.m.*

**Oral Presentation Urology: Session 13**

**Moderator:** Santiago Vallasciani

**Moderator:** Marcela Bailez

# 167. Modified Reduction Clitoroplasty Preserves Dorsal Nerve in Congenital Adrenal Hyperplasia

*Ariella Hochsztein*

# 697. FEMINIZATION GENITOPLASTY IN CONGENITAL ADRENAL HYPERPLASIA; WHEN IS THE BEST SURGICAL TIME?

*Jose Manuel Escala*

# 392. Evaluation, Management and Outcome of Pediatric Ovarian Lesions: 67 Consecutive Patients Surgically Treated in a 7-Year Period

*Claudio Spinelli*

# 713. Tumors of the Ovary. Six year experience

*Rodrigo Conteras Boero*

# 186. Impact of antenatally diagnosed fetal ovarian cyst on ante and neonatal management

*Dominique Forgues*

# 746. Ovary sparing surgery (OSS) for the treatment of benign ovarian neoplasm (BON): Long term results in a single institution

*Yvonne Lenz*

*1:00 p.m. - 2:00 p.m. Lunch Break*

*2:00 p.m. - 2:40 p.m.*

**Oral Presentation Urology: Session 14**

**Moderator:** Juan Rodó

**Moderator:** Luis Pascual

# 674. One stage urethroplasty by dorsal graft augmentation of the urethral plate in primary and salvage hypospadias: 10-year experience.

*Santiago Vallasciani*

# 545. COMPARATIVE ANALYSIS OF VENTRAL PENILE LENGTHENING VERSUS DORSAL PPLICATION FOR SEVERE VENTRAL CURVATURE: SINGLE CENTER EXPERIENCE WITH 100 CASES

*Luis Braga*

# 670. 2-stage repair of proximal and recurrent hypospadias: Treatment of complications

*Fabio Ferro*

# 743. Does Centralisation of Bladder Exstrophy Care improve Shortterm Outcome?

*Alan Dickson*

## Social Events / Eventos Sociales

**Monday September 10th - 8 PM**

Argentine Night

**"Opera Pampa"** (optional)

**Duration: 4 hours.**

---

Experience a typical Argentine reception and an exciting show. The epic adventures of the gaucho and his traditions from the arrival of the horse to America up to the outset of the Argentine Nation. A unique show in Argentina, featuring dazzling scenic, light and pyrotechnic effects. After the show taste the famous meat from the Argentine Pampa and discover its exquisite taste and tenderness, baked the gaucho way in typical country barbecues.

Transfer from the Hilton Hotel is included in modern vans with bilingual guides.

**Wednesday September 12<sup>th</sup> - 8.45 PM**

Farewell Dinner

**"Piazzolla Tango"** (optional)

**Duration: 4 hours.**

---

Experience a night to remember. Enjoy Dinner and a live Show in a place where food, music and dance combine to tell the story of Buenos Aires, land where the Tango appeared and developed. Piazzolla Tango, icon of the Porteño spirit, was built on the historical General Güemes Gallery as an answer to those pursuing the urban musical soul from its start to the transformations of Astor Piazzolla. Visitors here feel the spirit of the city with its harmonies that embrace not only music but also dancing, arts, flavors, historical testimony, friendship and

**Lunes 10 de septiembre - 8 PM**

Noche Argentina

**"Opera Pampa"** (opcional)

**Duración: 4 hs**

---

Usted podrá disfrutar de una recepción típica argentina y luego un espectáculo emocionante. La épica aventura del gaucho y sus tradiciones desde la llegada del caballo a América hasta el nacimiento de la Nación Argentina. Un espectáculo único en el país, con deslumbrantes efectos escénicos, luminicos y pirotécnicos. Finalizado el espectáculo usted podrá degustar las famosas carnes de la pampa argentina y descubrir su exquisito sabor y ternera, asadas a la usanza del gaucho en típicos asadores camperos. Incluye el traslado desde el Hotel Hilton en modernas vans con guías bilingües.

**Miércoles 12 de septiembre - 8.45 PM**

Comida de Despedida

**"Piazzolla Tango"** (opcional)

**Duración: 4 hs**

---

Cena y Show en una noche inolvidable donde la gastronomía, la música y la danza se encuentran para contar la historia de Buenos Aires, tierra donde el tango echó raíces por primera vez. Piazzolla Tango, catedral de lo porteño, nació en la histórica Galería General Güemes como respuesta a quienes persiguen el alma musical urbana desde sus comienzos hasta la saga renovadora de Astor Piazzolla. Aquí el visitante podrá sentir el espíritu de la ciudad, con sus armonías que abarcan no sólo la música, sino también la danza, la plástica, los sabores, el testimonio documental, la

good times. Piazzolla Tango plays with the magic and goblins of Buenos Aires: you shall complete the spell.

Transfer from Hilton Hotel is included, in modern vans with bilingual guides.

## Monday, September 10<sup>th</sup>

### Tigre Tour

Full day Tour, lunch included

San Isidro - Northern Area - Tigre - Delta.

9 a.m.

(If it rains, the tour shall take place on Tuesday 10)

Duration: 7 hours.

Visit the coastal area of the city in modern vans with bilingual tour guides.

The tour begins on Av. Del Libertador and heads to Costanera, Jorge Newbery Domestic Airport and the River Plate Football Stadium. After passing by the Presidential Quinta in Olivos it arrives at Maipú Station of the "Tren de la Costa" (Coast Train). Take this tourist train and pass by the most attractive northern neighborhoods up to San Isidro Station where there shall be time to wander around the area. A bus will take you from San Isidro to Tigre to visit "Tigre's Art Museum", a recently renewed building which was the renowned "Tigre Hotel" at the beginning of the XX century where celebrities and aristocrats of the time used to "bathe and relax".

After visiting the most important areas in Tigre, enjoy a nice boat ride through the

## Lunes 10 de Septiembre

### Excursión al Tigre

Excursión de día completo con almuerzo

San Isidro - Zona Norte -Tigre - Delta.

9 a.m.

(En caso de lluvia se realizará el martes 10)

Duración: 7 horas.

Este tour recorre, en modernas vans con guías bilingües, la zona costera de la ciudad, comenzando por Av. del Libertador, Costanera, Aeroparque Jorge Newbery y el Estadio River Plate. Pasa por la Quinta Presidencial de Olivos hasta la Estación Maipú del "Tren de la Costa"; aquí se tomará este tren turístico que recorre los barrios más atractivos de la zona norte descendiendo en la Estación San Isidro, donde tendrán tiempo libre para recorrer sus alrededores. Se parte nuevamente en bus desde San Isidro hasta la localidad de Tigre, donde se visitará el "Museo de Arte Tigre", edificio refaccionado recientemente y que fuera antiguamente el famoso "Tigre Hotel" de principios del Siglo XX, donde concurrían a "tomar sus baños de verano" las personalidades y aristócratas de la época.

Luego de un recorrido por las zonas mas relevantes del Tigre, en el Puerto se tomará una embarcación para disfrutar de una navegación

La Boca, Buenos Aires.

hundreds of isles that form the Parana Delta at the mouth of the River Plate, scattered by houses, lodges and sports clubs. Have lunch at the exclusive resort Rumbo 90 Delta Lodge & Spa, where you will find peace, nature and the highest comfort. After lunch go for a walk, visit the isle or just relax by the river to enjoy the silence and landscape of the delta. Return to the Hotel from the River Station.

### **Tuesday, September 11<sup>th</sup>**

**Buenos Aires City Tour (Lunch Included).**

**9 a.m.**

(Subject to changes in case of rain)

**Duration: 5 hours.**

---

Discover Buenos Aires, "La Reina del Plata" in modern vans with bilingual tour guides. Begin downtown at the more famous attractions: 9 de Julio Avenue, the Colon Theatre, the Obelisk, "symbol of Buenos Aires" and head towards "Plaza de Mayo", administrative heart of the National Government and the City. Continue south towards the peculiar San Telmo neighborhood with its renowned antique shops and tango spots; La Boca and Caminito area of typical colorful houses and Italian canteens dating from the turn of the

a través de los cientos de islas que forman el Delta del Paraná en su desembocadura con el Río de la Plata, donde hay gran cantidad de residencias, hosterías y clubes deportivos.

El almuerzo se realizará en en Rumbo 90 Delta Lodge & Spa, un exclusivo Resort que le brindará un respiro de paz, naturaleza y confort del más alto nivel. Luego del almuerzo tendrán tiempo para caminar, recorrer la isla o simplemente relajarse a orillas del río para disfrutar del silencio y el paisaje del Delta. Regreso a la Estación Fluvial para emprender el viaje de vuelta al Hotel.

### **Martes 11 de septiembre**

**9 a.m.**

(Sujeto a modificación en caso de lluvia)

**Duración: 5 horas.**

---

Este recorrido los llevará en modernas vans con guías bilingües, a descubrir Buenos Aires considerada la "Reina del Plata". Comienza el tour por el centro de la ciudad donde están los atractivos más habituales, se continua hacia la zona de Plaza de Mayo, corazón administrativo del Gobierno Nacional y de la Ciudad. Luego seguirán hacia el sur de la ciudad, pasando por el particular barrio de San Telmo, con sus conocidos negocios de antigüedades y tanguerías, el barrio de La Boca y Caminito, con las características casas de colores y cantinas italianas de

**La Boca, Buenos Aires.**

XX century. Pass by the La Boca Football Stadium known as “La Bombonera” and whose president Ing. Mauricio Macri has recently been elected Mayor of the City of Buenos Aires.

Enjoy lunch at Puerto Madero, an important gastronomic area, the renewed city port and the newest and most exclusive district in Buenos Aires.

After lunch, visit the main green lung of the city: Palermo, scattered with parks, buildings, museums and art galleries. Later, head to Recoleta a neighborhood where culture and elegance coexist and where the most traditional museums in the country are located. Finally, discover the famous cemetery where the most distinguished citizens of Argentina are buried: writers such as Victoria Ocampo, Miguel Cané and José Hernandez, famed Argentineans like Eva Perón, Luis Federico Leloir and former Presidents like Nicolás Avellaneda, Domingo F. Sarmiento and Carlos Pellegrini, among others.

principio del Sigo XX.

El almuerzo se llevará a cabo en Puerto Madero, una importante zona gastronómica, renovado puerto de la ciudad y el distrito más nuevo y exclusivo de Buenos Aires.

Luego del almuerzo el recorrido continúa por el principal pulmón verde de la ciudad, el barrio de Palermo, por último Recoleta, un barrio donde conviven la cultura y la elegancia y se encuentran los Museos más tradicionales del país.

---

### Miércoles 12 de septiembre

Ceremonia de Clausura y Entrega de Premios

Hotel Hilton Buenos Aires  
Salón Pacífico - 7 p.m.  
Duración: 1 hora.

---

# General Informaation / Información General

## Climate

---

The country territory offers a wide variety of climates: subtropical in the North, sub-Antarctic in the southern Patagonia, and mild and humid in the Pampas plains. Media temperature from June to September is 12° C at night and 18° C daylight.

## Language

---

Spanish is the official language of the Argentine Republic. In Buenos Aires, some lunfardo expressions -city slang- are used. Something to note is the use of vos (you) instead of the Spanish *tú* for informal treatment, and the use of *che* to address a person.

*Che*: this expression is used to attract a persons attention and allows addressing someone without using his or her name: Che, ¿me podés decir la hora (Che, could you tell me the time?). It expresses familiarity.

The porteños easily understand persons who speak Italian and Portuguese.

## Currency

---

The official Argentine currency is the Peso. There are bills of 2, 5, 10, 20, 50 and 100 pesos, and coins of 1 peso and 5, 10, 25, and 50 cents.

The U.S. Dollar is the most common foreign currency. Banks and currency exchange offices (casas de cambio), are places to exchange foreign currency, where you must present your passport.

Although the Dollar and Euro are generally accepted at shops and restaurants, we recommend using banks and other official exchange houses, to avoid possible frauds.

## Clima

---

La Argentina tiene una gran variedad climática: templado y húmedo en la llanura pampeana, frío y húmedo en el extremo oeste de la Patagonia, subtropical en la parte norte de la Mesopotamia y cálido en el Noroeste. De junio a septiembre, de 12° C de mínima y 18° C durante el día.

## Idioma

---

El idioma oficial de la República Argentina es el castellano (o español). Buenos Aires adopta formas del lunfardo, jerga del ámbito porteño. Lo más distintivo es el uso del "vos" en lugar del "tú" para el trato informal, y el uso del "che" para dirigirse a otra persona.

El "che" es una muestra de confianza y se usa para llamar la atención del interlocutor y permite dirigirse a alguien sin pronunciar su nombre: "che, ¿me podés decir la hora?"

El inglés y portugués son hablados por la mayoría de las personas involucradas en actividades turísticas.

## Moneda

---

La moneda oficial argentina es el peso. Hay billetes de 2, 5, 10, 20, 50 y 100 pesos y monedas de 1 peso y de 5, 10, 25 y 50 centavos.

El dólar estadounidense es la moneda internacional de mayor difusión.

Puede cambiarse en Bancos o Casas de Cambio, donde hay que exhibir el pasaporte.

En los comercios de Buenos Aires se aceptan tarjetas de crédito y dólares.

## Exchange Rate

The exchange rate in Argentina is convenient for the foreign tourist, and is as follows:

**1 U\$S = 3\$ / 1 € = 4\$ / 1 £ = 6\$**

## Bank subsidiary for tourists

The Banco Ciudad has a tourist subsidiary where you can buy and sell dollars, euros and travelers checks, after the usual working hours.

**Client Service Hours:** Tuesdays to Fridays from 11 am to 5 pm; Saturdays and Sundays from 11 am to 6 pm; Mondays from 10 am to 6 pm. Cashier desks are exclusively working for tourists service.

**Requirement:** Bear your passport.

**Tourist Service Place:** Banco Ciudad

**Address:** Subsidiary N° 53, Córdoba 675, Capital Federal.

## Power Usage

Electric power in Argentina is 220 volt, 50-cycle alternating current.

Power outlets have 2 cylindrical holes or 2 flat holes with ground connection.

## Telephone

Calling to Argentina from abroad, dial the country code 54 and then the area code of the place you want to call (Buenos Aires is 11). For domestic calls, dial 0 before the area code. For international calls, dial 00, the country code and city code.

*Note that rates are reduced from 10.00 p.m. to 8.00 a.m.*

## Taxis

Taxis are easy to identify by its colors: yellow and black. It is not convenient to take them at the street. It is preferred to use radio-taxi calling to a company provided by the Hotel, shop, restaurant, etc.

## Tipo de Cambio

En la Argentina rige un sistema de cambio favorable al turismo internacional.

El cambio promedio es el siguiente:

**1 U\$S = 3\$ / 1 € = 4\$ / 1 £ = 6\$**

## Una Sucursal de Banco para el Turista

En la Sucursal de Turismo del Banco Ciudad, se puede realizar compra y venta de dólares, euros y travellers checks fuera del horario cambiario.

**Horarios de atención:** martes a viernes de 10 a 17 hs; sábados y domingos de 11 a 18 horas, lunes de 10 a 18 horas. Son cajas exclusivas para turistas.

**Requerimiento:** Portar pasaporte.

**Lugar de atención:** Banco Ciudad

**Dirección:** Sucursal N° 53, Córdoba 675, Capital Federal.

## Energía eléctrica

La energía eléctrica en Argentina es de 220 volts, con 50v alternados.

Los enchufes tienen 2 entradas cilíndricas o 2 entradas chatas con cable a tierra.

## Teléfonos

Para llamar desde el extranjero se debe marcar el prefijo nacional, que es el 54, y luego el código de área de la localidad a la que se desee llamar (el código de área de Buenos Aires es 11). En llamadas nacionales hay que anteponer el 0 al código respectivo. Y para llamar al exterior, desde el país, se deberá marcar el 00, el distintivo del país y el código de ciudad.

*Tenga presente la existencia de tarifas reducidas de 22.00 a 08.00 horas.*

## Taxis

Los taxis son fácilmente de identificar por sus colores; amarillo y negro. No es conveniente tomarlos directamente de la calle, sino que es pre-

## Shopping Vat Return

---

At the airport you may obtain a VAT reimbursement corresponding to any purchases made within the country for an amount over \$70 (per invoice) in shops operating with the Global Refund system. Please ask for GLOBAL REFUND FORM, on any PURCHASE DURING YOUR STAY.

## Payment methods

---

Although US Dollars and Euros are generally taken everywhere, foreign currencies can be exchanged in banks and authorized bureaus. American Express, VISA, Diners and Master Card are widely accepted. There may be difficulties in changing traveler's check outside Buenos Aires.

## Opening hours

---

### **Banks and Exchange Bureaus:**

Mondays to Fridays from 10.00 a.m. to 3.00 p.m. Business Offices: generally from 9.00 a.m. to 12.00 p.m. and from 2.00 p.m. to 7.00 p.m.

**Stores:** in the big cities from 9.00 a.m. to 8.00 p.m., although in the outskirts and the provinces they generally close at midday. Saturdays, from 9.00 a.m. to 1.00 p.m.

**Cafés, cake shops and pizzerias:** open most of the time except between 2.00 and 6.00 a.m.

**Restaurants:** lunch is served as from 12.30 p.m. and dinner as from 8.30 hours. Fast-food menus are served in many restaurants at all times.

**Tips:** 10% of the amount of the check is usually left in cafeterias and restaurants. Doormen, porters, and ushers in cinemas and theatres are also generally tipped.

ferible utilizar un servicio de Radio-Taxi llamando telefónicamente a la compañía recomendada por el hotel, comercio, restaurante, etc.

## Compras

---

En el aeropuerto podrá recuperar el importe abonado en concepto del Impuesto al Valor Agregado, si ha adquirido productos nacionales por importes superiores a \$ 70 (por factura) en los comercios adheridos al sistema Global Refund. Solicite el Formulario de Devolución del I.V.A. cuando realice compras en nuestro país.

## Medios de pago

---

Aunque el dólar estadounidense y el euro son generalmente aceptados, el cambio de divisas en moneda nacional se realiza en bancos y casas autorizadas. Las tarjetas de crédito de aceptación más frecuente son American Express, VISA, Diners y Master Card. Puede haber dificultades para el canje de cheques de viaje fuera de Buenos Aires.

## Horarios comerciales

---

**Bancos y casas de cambio:** de lunes a viernes, entre 10.00 y 15.00 horas.

**Oficinas comerciales:** generalmente de 09.00 a 12.00 y de 14.00 a 19.00 horas.

Tiendas y negocios: en las grandes ciudades, de 09.00 a 20.00 horas, aunque en el interior suelen cerrar a mediodía. Los sábados, el horario es de 09.00 a 13.00.

**Cafés, confiterías y pizzerías:** están casi siempre abiertos, con un paréntesis entre dos y seis de la madrugada.

**Restaurantes:** el almuerzo se sirve a partir de las 12.30 y la cena a partir de las 20.30. Muchos establecimientos ofrecen comidas rápidas a toda hora.

**Propinas:** Es costumbre dejar un 10% del importe del servicio en cafeterías y restaurantes y dar una propina a porteros, maleteros y acomodadores de espectáculos.

## Tourist information

- por incumplimiento de un servicio contratado.

En estos casos se trabaja con la Policía del Turista, Defensoría del Turista y Defensoría del Consumidor.

## Informacion de interés

---

El nombre Argentina procede del latín "argentum", que significa plata. El origen de esta denominación se remonta a los viajes

voyages made by the Spanish conquerors to the Río de la Plata. The survivors of the shipwrecked expedition mounted by Juan Díaz de Solís found indigenous people in the region who gave them silver objects as presents. The news about the legendary Sierra del Plata - a mountain rich in silver - reached Spain around 1524. As from this date, the Portuguese named the river of Solís, Río de la Plata (River of Silver). Two years later the Spanish used the same name. The National Constitution adopted in 1853 included the name of República Argentina (Argentine Republic) among the official names to designate the government and the country's territory.

### Location, area and frontiers

Located in South America, and thus, in the southern hemisphere, Argentina has an area of almost 3.8 million square kilometers, 2.8 on the continent approximately 54% are plains (grasslands and savannahs), 23%, plateaus, and the other 23%, mountains - and the remainder in the Antarctic. It is 3,800 Km. long and is located between latitude 22° and 55°. Its border with Uruguay, Brazil, Paraguay, Bolivia and Chile has a perimeter of 9,376 Km, while the territory bordered by the Atlantic Ocean is 4,725 Km long.

### Religion

There is complete religious freedom in Argentina, although the official religion is Roman Catholic. Other religions practiced in the country are Protestant, Jewish, Muslim, Greek Orthodox, Russian Orthodox and others.

de los primeros conquistadores españoles al Río de la Plata. Los naufragos de la expedición de Juan Díaz de Solís encontraron en la región a indígenas que les regalaron objetos de plata y llevaron a España, hacia 1524, la noticia de la existencia de la Sierra del Plata, una montaña rica en aquel metal precioso. A partir de esa fecha los portugueses llamaron al río de Solís, Río de la Plata. Dos años después, los españoles utilizaron también esa denominación. La Constitución Nacional sancionada en 1853 incluyó el nombre de "República Argentina" entre los nombres oficiales para la designación del gobierno y territorio de la Nación.

### Situación, extensión y límites

Situada en Sudamérica y por lo tanto en el hemisferio sur del planeta, la Argentina tiene una extensión de casi 3,8 millones de Km, de los cuales 2,8 pertenecen al continente -con aproximadamente un 54% de llanuras (praderas y sabanas), un 23% de mesetas y otro 23% de sierras y montañas- y el resto al sector antártico. Sus 3.800 kilómetros de longitud se extienden desde los 22° hasta los 55° de latitud Sur. Limita con Uruguay, Brasil, Paraguay, Bolivia y Chile con un perímetro de fronteras de 9.376 kilómetros. La fachada marítima, sobre el Océano Atlántico, alcanza los 4.725 kilómetros.

### Religión

La religión oficial es la Católica Apostólica Romana, aunque existe total libertad de culto. Se practican además el protestantismo, el Judaísmo, el Islamismo, la religión Ortodoxa Griega, la Ortodoxa Rusa y otras

## Calafate

In El Calafate you will find yourself at the gateway to the majestic world of glaciers. This town is near Lake Argentino, a green water surface covering 1,600 km<sup>2</sup>, with a length of 60 km. and a width between 12 and 14 km. It also has great mysterious depths, like all lakes originated from glaciers, ranging from 35 mt. in Feruglio, on the southern shore, to 300 mt. off the Avellaneda Península. El Calafate can be visited and enjoyed thanks to a significant bus fleet used for excursions, modern boats, expert bilingual guides and travel agencies that organize tours to the classical viewpoint of the Perito Moreno Glacier or the audacious expeditions to cross the glaciers from one side to the other.

- Air Ticket Bs. As. / Calafate / Bs. As.

## Ushuaia

In the southern most tip of the Republic of Argentina, on the Isla Grande de Tierra del Fuego, lies Ushuaia, the southernmost city in the world. Located on the Beagle Channel, it takes its name -which means bay overlooking the West- from the yámana tongue. Within the impressive frame made up by the sea, the forests, the lakes and the mountains, Ushuaia is a picturesque city with an important tourist services infrastructure, an elegant commercial center and an increasing social and cultural activity.

In its surroundings, Ushuaia offers unexplored untouched territories that invite visitors to discover and adventure. Therefore, the main activities to be done in this privileged nook are related with nature. Some of them are hiking, horse riding, climbing and diving.

- Air Ticket Bs. As. / Ushuaia / Bs. As.

## Ushuaia

En la punta más austral de la República Argentina, en la Isla Grande de Tierra del Fuego, yace Ushuaia, la ciudad más austral del mundo. Localizada sobre el Canal de Beagle, toma su nombre, que significa "bahía mirando al Oeste", de la lengua yámana. Impresionantemente enmarcada por el mar, los bosques, los lagos y las montañas, Ushuaia es una ciudad pintoresca con una infraestructura turística importante, un centro comercial elegante y una creciente actividad social y cultural.

En sus alrededores, Ushuaia ofrece territorios inexplorados que invitan al visitante al descubrimiento y la aventura. En consecuencia, las actividades principales en este rincón privilegiado están relacionadas con la naturaleza como caminatas, cabalgatas, ascensos y buceo.
